Subject: Consideration and action of a resolution approving updates to the City's Classification and Compensation Policies.*(Euriah Brown, Human Resource Director)*

---

1. Background/History:

The City of Greenville maintains a Classification and Compensation system designed to ensure equitable, competitive, and internally consistent pay practices across all departments. As part of ongoing Human Resources policy modernization efforts, the Classification and Compensation policies have been reviewed and updated to reflect current best practices, operational needs, and alignment with the City's strategic priorities.

These updates are part of a broader initiative to standardize personnel policies, improve transparency, and ensure compliance with applicable laws and industry standards. The revisions also support the City's continued efforts to attract, retain, and develop a high-performing workforce.

2. Findings/Current Activity

The updated policies clarify and formalize processes related to job classification, compensation structure, pay administration, and internal equity. Key enhancements include:

- Clear definitions and governance of job classifications
- Standardized procedures for position reclassification and market adjustments
- Alignment of compensation practices with organizational structure and budget strategy
- Improved transparency in pay administration and decision-making processes
- Reinforcement of internal equity and consistency across departments

These updates reflect a proactive approach to workforce management and position the City to respond effectively to labor market conditions and organizational growth.

3. Financial Impact/Account No.
There is no immediate direct financial impact associated with the adoption of these policy updates. However, the policies establish a framework that may guide future compensation decisions, including market adjustments and classification changes, which will be evaluated and budgeted as part of the annual budget process.

4. FY 25-26 Council Goal
1. Build Infrastructure for Greater Sustainability.
2. Planned Approach for Improving Current Water Infrastructure.
3. Strive for Municipal Excellence and Enhance Opportunities for Communication.
4. Preserve the Character of Greenville while Preparing for Flexible and Sustainable Growth.
5. Support Public Service, Health, and Safety.
6. Optimize Opportunities at the Airport.
7. Preserve the architecture and green space of current city-owned spaces/facilities while striving for and promoting beautification within the city.
8. Completion and implementation of the Downtown Plan.

5. Action Options/Recommendation
City Staff recommends the City Council consider approving updates to the City's Classification and Compensation Policies.

Employment Policies – Council Summary

City of Greenville | April 14, 2026

Purpose of Action

The City has modernized the Classification and Compensation section of the Personnel Manual by separating it into fourteen (14) standalone policies. This approach improves clarity, compliance, and ease of future updates. Upon adoption, these policies supersede related sections of the 2018 Personnel Manual.

What Council Is Being Asked to Approve

Adoption of fourteen (14) Classification and Compensation policies that update, clarify, or newly establish standards governing wage, pay administration, and premium compensation.

Summary of Notable Updates

1) Position Classification Plan *(Updated)*
   a. Establishes a structured classification review process.
   b. Requires Finance, HR, and City Manager approval for new positions.
   c. Formalizes documentation standards for job descriptions.
   d. Clarifies classification authority and audit procedures.

2) Classification and Compensation Plan *(Updated)*
   a. Prohibits discussing pay rates prior to required approvals.
   b. Formalizes new hire pay limits (normally minimum to midpoint).
   c. Requires written justification and multi-level approval for above-midpoint offers.
   d. Establishes strict internal equity review when market adjustments occur.

3) Bilingual Pay *(Updated)*
   a. Requires competency testing through HR.
   b. Sets Advanced Low proficiency threshold.
   c. Standardizes compensation at $75/month.
   d. Clarifies eligibility and callback expectations.

4) Longevity Pay *(Updated)*
   a. Establishes clear eligibility and accrual rules.
   b. Excludes service credit during unpaid leave periods.
   c. Eliminates prior credit upon rehire.
   d. Removes prior cap and formalizes tiered calculation:
      i. Years 1–10: $6/month of service
      ii. Years 11–20: $8/month
      iii. 21+ years: $10/month

5) Certification Pay *(Updated)*
    a. Limits employees to three certifications.
    b. Requires pre-approval.
    c. Clarifies certifications must provide measurable operational value.
    d. Explicitly includes certification pay in the calculation of FLSA overtime rates for non-exempt employees.
    e. Stops pay immediately upon expiration.

6) Overtime, Comp Time, On-Call & Emergency Pay *(Updated)*

    b. Codifies 207(k) work periods for Police.
    c. Defines compensable vs. non-compensable time.
    d. Clarifies comp time accrual administration.
    e. Standardizes emergency and call-back compensation rules.
    f. Aligns all provisions with current U.S. Department of Labor standards.

7) Leave Without Pay *(Updated)*
    a. Establishes short-term (10 days) and extended (3 months) approval thresholds.
    b. Requires City Manager approval for extended LWOP.
    c. Clarifies impact on accruals, benefits, and employment status.
    d. Aligns with FMLA, ADA, and military leave laws.

8) Inclement Weather *(Updated)*
    a. Defines Essential vs. Nonessential employees.
    b. Clarifies "Bad Weather Pay."
    c. Establishes overtime rules for essential personnel working during closures.
    d. Clarifies salary basis compliance for exempt employees.
    e. Centralizes closure authority with the City Manager.

9) Incentive Pay *(New)*
    a. Establishes structured sign-on and retention bonus programs.
    b. Defines approval authority (Finance, HR, City Manager).
    c. Sets specific bonus amounts for Civil Service and non-Civil Service roles.
    d. Caps sign-on bonuses at 10% of salary.
    e. Clarifies that bonuses are not base pay and are discretionary.

10) Travel Time *(Updated)*
    a. Clearly defines compensable vs. non-compensable travel.
    b. Addresses overnight travel.
    c. Clarifies work performed during travel counts as hours worked.
    d. Aligns with federal wage law standards.

11) Meetings & Training Time (Updated)

    c. Defines "directly related" training.
    d. Ensures productive work during training is compensated.

12) Delivery of Pay *(Updated)*
    a. Requires direct deposit.

b. Formalizes biweekly payroll schedule.
c. Establishes electronic pay statements in UKG.
d. Clarifies final pay procedures.
e. Standardizes payroll error correction procedures.

13) Wage Garnishments *(Updated)*
a. Establishes processing standards.
b. Codifies garnishment priority (child support first).
c. Aligns with Consumer Credit Protection Act limits.
d. Protects employees from unlawful discipline due to garnishment.

14) Compensation of Supervisors *(Updated)*
a. Requires supervisors to maintain at least 5% pay differential above highest-paid subordinate.
b. Establishes correction procedures for pay compression.
c. Requires City Manager approval for adjustments.

Key Takeaway for Council

These policies do not change the City's classification and compensation philosophy. They reduce wage-hour litigation exposure, improve pay equity governance, and maintain fiscal accountability.

Adoption ensures equitable, fiscally responsible recognition of long-term service while maintaining clarity and consistency in compensation administration.

CITY OF GREENVILLE
HUMAN RESOURCES POLICIES AND PROCEDURES

Section B: **CLASSIFICATION AND COMPENSATION**
No. 01 **Position Classification Plan**
Revised and Approved: **04/28/2026**

1.0 Purpose:

1.1 The purpose of this policy is to establish and maintain a systematic Position Classification Plan that accurately describes the duties, responsibilities, and qualifications of each position within the City of Greenville.

1.2 The Position Classification Plan is intended to support organizational planning, equitable compensation administration, recruitment, performance evaluation, training, promotion, and workforce management.

2.0 Scope:

2.1 This policy applies to all City of Greenville positions, except where superseded by State Civil Service Law for Fire and Police employees.

2.2 All regular, temporary, full-time, and part-time positions authorized in the Annual Budget are subject to classification review and administration under this policy.

3.0 Classification Plan

3.1 The City shall maintain a Position Classification Plan that groups positions into appropriate classifications based on similarity of duties, responsibilities, authority, working conditions, and qualification requirements.

3.2 Each position shall be assigned an official job title and corresponding job description that accurately reflects the essential functions of the position.

3.3 The listing of particular duties in a job description shall not preclude the assignment of other related duties by the Department Director, provided such duties are reasonably related to the position.

3.4 The Classification Plan shall serve as the foundation for compensation placement, recruitment, career development, and organizational structure.

4.0 Position Analysis

4.1 When new positions are created or when significant changes occur in the duties of an existing position, a position analysis shall be conducted.

4.2 Position analysis may include questionnaires, observation, interviews, and review of operational needs to accurately document job content and required competencies.

4.3 The data collected shall be used to prepare or revise the official job description.

4.4 All new positions must receive approval from the Finance Director, Human Resources Director, and City Manager prior to creation.

5.0 Classification Review Procedure

5.1 When a new position is proposed or an existing position undergoes significant change:

a. The immediate supervisor shall review and revise the job description in consultation with the affected employee (if applicable).
b. The revised job description shall be forwarded to the Department Director for review and recommendation.
c. The Human Resources Recruiting Specialist shall review the position for proper format, internal consistency, and classification alignment.
d. If the review indicates a potential change in classification, the Human Resources Director shall evaluate the position to determine appropriate classification placement.
e. The Human Resources Director shall approve or disapprove classification requests and notify appropriate departments of the outcome.

6.0 Authority and Administration

6.1 The Human Resources Department shall maintain the official Classification Plan and all approved job descriptions.
6.2 Human Resources is responsible for ensuring consistency, internal equity, and compliance with applicable laws and City policies.
6.3 Approved classification changes shall become effective on the first day of the pay period following final approval, unless otherwise authorized.
6.4 No classification change shall result in a salary adjustment that exceeds budgeted appropriations for the fiscal year.

7.0 Relationship to Compensation

7.1 Each classification shall correspond to an established pay grade within the City's Compensation Plan.
7.2 Classification placement does not guarantee a salary increase. Any compensation adjustments resulting from reclassification shall be administered in accordance with applicable wage and salary policies and available appropriations.

8.0 No Contract Created

8.1 Position classifications and job descriptions are administrative tools and do not constitute an employment contract.
8.2 The City reserves the right to revise classifications, job descriptions, and organizational structures at its discretion to meet operational needs.

9.0 Appendices: None

CITY OF GREENVILLE
HUMAN RESOURCES POLICIES AND PROCEDURES

Section B: **CLASSIFICATION AND COMPENSATION SYSTEM**
No. 2 **Classification and Compensation Plan Administration**
Revised and Approved: **04/28/2026**

1.0 Purpose:

1.1 The purpose of this policy is to establish the administrative framework for maintaining and implementing the City of Greenville's Classification and Compensation Plan.

1.2 The City is committed to maintaining a competitive and equitable compensation system that enables the recruitment and retention of qualified employees while ensuring fiscal responsibility and internal equity.

2.0 Scope: All Departments

2.1 This policy applies to all City departments and all authorized positions unless otherwise governed by State Civil Service Law.

2.2 Civil Service positions in the Police and Fire Departments shall be administered in accordance with applicable law and separate pay plans as outlined in Section 4.0 of this policy.

3.0 General Exempt/Non-Exempt Pay Plans:

3.1 Recommended pay rates shall never be discussed with a candidate, internal or external, until final approval is received from all required parties. Necessary approvals will always include the Department Director, but may also include the Finance Director, Human Resources Director, or in some cases, the City Manager. Necessary approvals may vary and are dependent on individual circumstances.

3.2 **Pay Structure:** All authorized positions will be assigned to a pay range defined by a minimum and maximum dollar limit.

a. Compensation for Director Level positions is at the discretion of the City Manager and subject to budget, market value and candidate qualifications.

3.3 **New Employees:** New employees shall normally be compensated at the minimum of the approved pay grade unless their qualifications, work experience and/or market conditions justify paying above minimum. In such circumstances, compensation above the minimum may not exceed the midpoint of the pay grade in which the position is situated.

a. The following conditions and approvals are to be followed when determining an appropriate new hire pay rate:

1) Do not discuss pay rates with the applicant until all required approvals are received.

i) All offers must be reviewed and approved by the Department Director.

ii) Offers above midpoint require:

- Written justification with internal equity considered based on similarly situated employees and their qualifications.
- Approval from the Finance Director and Human Resources Director.

2) Human Resources will review with the City Manager's Office offers requested that are outside of recommended pay ranges.
3) Recommendations for pay adjustments to other city employees' resultant from a new hire/rehire offer are very restrictive and limited to situations in which the applicant presents substantial qualifications, valuable knowledge or other such work experience as compared to other existing employees in the grade and/or job title.

b. Newly hired, transferred or promoted employees who have not completed their probationary period are not eligible for any merit approved and/or given.

3.4 **Promotions:**

a. Employees promoting to a position in a higher pay grade shall move to the minimum of the new position.
b. If promoted to a supervisory role, the employee's pay rate shall be the minimum of the new pay grade or 5% above their highest paid direct report subordinate.
c. All promotions are subject to review and approval by the Department Director, Finance Director, and Human Resources Director.

3.5 **Lateral Transfers:**

a. Employees moving to another job within the same pay grade are generally ineligible for a pay change.
b. In rare circumstances where the scope and authority of the new position is substantially greater than their current position, adjustments may be considered but are not guaranteed.

3.6 **Demotions:**

a. Employees demoted to a lower pay grade due to a position re-evaluation, and whose salaries fall above the maximum of the new salary range, will have their pay adjusted to the maximum of the new pay range.
b. Involuntary demotions to a lower pay grade due to performance or disciplinary issues may be considered on a very limited basis. Pay will be reduced to a rate that is equitable in the lower pay grade based on qualifications. Involuntary demotions require a memo signed by the employee of expectations of job performance, duties and expectations for continued employment. Human Resources should be consulted prior to any involuntary demotion.
c. Employees who <u>voluntarily</u> demotes to a position in a lower pay grade shall not receive an increase in pay and may, as a condition of the voluntary demotion, have their salary reduced to that which is equitable in the lower pay grade based on qualifications.

3.7 **Reclassifications:** A Position Reclassification may be requested by a Department Director if the duties of a position have substantially changed to deem the position incorrectly classified in the pay structure, or the title is inaccurate.

a. A reclassification request must be submitted via email to the Human Resources Director or designee.
b. Other documents such as a job description, organizational chart(s) or other information may be necessary to complete the reclassification analysis.
c. Reclassifications may take a few days to as much as several weeks to complete, depending on the complexity of the required analysis.
d. The Human Resources Department may do any of the following singularly or in

tandem, as necessary to conduct a position review submitted: conduct a market analysis, perform a desk audit, review pay, people or similarly situated positions in grade, and/or assess hierarchy of related positions.

1) If the position is to be classified to a higher pay grade and the employee's current salary falls within the new pay range, there is typically no adjustment to their salary.
2) If an employee moves from a non-exempt to an exempt position, or the reclassification proves that the change in duties, scope and authority is so substantial, Human Resources may recommend a salary adjustment in consideration of these special factors.
3) Final recommendations for reclassification requests and any pay adjustments, if appropriate, are made by Human Resources Department to the Finance Director and City Manager for final review and approval or denial.
4) Approved reclassifications are not retroactive and shall become effective on the 1st day of the pay period following final approval. They are not retroactive to the date of the reclassification request.

3.8 **New Positions:** New job titles may be established when a position is created or evolves and cannot be appropriately classified into any existing job title.

a. Requests should be submitted via email to the Human Resources Director. Departments wanting the addition of a title that is not found in the current pay plan must also complete a draft Job Description. Other paperwork may be deemed necessary to create the new title.
b. The Human Resources Department will conduct a market analysis and review salary survey information to determine the external competitive worth of the position. Internal equity of any other positions in similar classifications may also be considered.
c. Requests for new positions require approval from the Finance Director and final approval from the City Manager before being placed in the pay structure.

3.9 **Temporary Promotions (Acting Pay):** Employees temporarily assigned to work in a full-time capacity in a supervisory position in a higher pay grade, shall be compensated at the minimum rate of the temporary pay grade, but not less than 5% above their highest paid temporary direct report subordinate, whichever is highest. If the salary of the employee is already higher than either of these rates, their salary shall be increased no less than 5% and up to 10% depending upon the degree of responsibility and span of control change in moving to the temporary position. Human Resources will assist in determining appropriate acting pay rates to retain equity and competitive and fair pay. Acting pay shall be calculated and added to the base pay rate. It is removed when the acting assignment ends.

a. Employees who are temporarily assigned to a higher-level supervisory position must meet the minimum qualifications for the position and must actually perform the full range of duties expected of the position for a majority of the time.
b. In order for the employee to qualify for acting pay, the assignment must be for an extended period of time generally considered a minimum of two working weeks or a full payroll cycle and the person is designated as acting. Simply

being asked to perform some of the duties, part of the time or covering certain key meetings for a person during their absence does not qualify for acting pay.

c. Employees eligible for acting pay for a period exceeding two months must get approval from the Finance Director and Human Resource Director.

4.0 Civil Service:

4.1 **Pay Structure:** All sworn uniformed job ranks in the Police and Fire departments shall fall under a separate pay plan from non-civil service employees.

a. Sworn Police and Fire employees will receive annual step increases as determined by budget and the current pay plan in effect until topped out or promoted to a higher rank.

4.2 **Anniversary Date:** A civil service employee's anniversary date will be the effective date of their annual step increase.

a. Civil service employees who promote to a higher rank will receive a new anniversary date reflecting the actual day of the month.

5.0 Pay Plan Maintenance/Merit Increases

5.1 **Pay Plan Maintenance:** Human Resources is responsible for developing recommendations regarding pay grade, structure adjustments and certain employee salary increases. All recommendations are subject to review and approval by the City Manager.

a. Market surveys will be conducted as deemed necessary by Human Resources.

b. The City conforms to the requirements of the Fair Labor Standards Act (FLSA).

5.2 **Merit Increases:** Pay adjustments will be considered on an annual basis during the budget process and are contingent upon the availability of funds. Increases are subject to final approval by the City Manager and the City Council.

a. Some employees may be deemed ineligible for a merit increase for all or part of the budget year based on current or recent disciplinary action. Such ineligibility is subject to change and will be communicated by Human Resources as to any rules regarding ineligibility.

5.3 **Suspensions and/or No-Pay Status**

a. When an employee has a period of no-pay that extends for the duration of a full pay period (two pay weeks), all compensation pay types (allowances, certification pay, assignment pay, etc.) that would otherwise normally occur for that pay period shall also cease.

CITY OF GREENVILLE
HUMAN RESOURCES POLICIES AND PROCEDURES

Section B: **CLASSIFICATION AND COMPENSATION**
No.03: **Bilingual Pay**
Revised and Approved: **04/28/2026**

1.0 Purpose:

1.1 This policy establishes guidelines to recognize and compensate bilingual employees whose language ability is providing valuable assistance to the City and the public in the administration of policies and programs.

2.0 Scope:

2.1 This policy applies to regular full-time employees and regular part-time employees. To be eligible to participate in Bilingual Pay, employees must be in a position which requires:

a. Occasional public interaction in Spanish; or
b. Availability for use by other City employees to provide translation skills.

2.2 Eligible employees must receive authorization from their Department Director and successfully complete the language competency examination administered through the Human Resources department. Department Directors should limit the number of participants based on need.

3.0 Compensation:

3.1 Eligible employees shall receive $75.00 per month for as long as they remain in a position where language skills are needed and utilized by the City.

3.2 Employees on extended paid or unpaid leave will not continue to receive bilingual pay.

4.0 Competency Testing:

4.1 The Human Resources Department will be responsible for scheduling oral language competency testing with a qualified external testing agency.

4.2 To qualify, employees must score at or above the Advanced Low level.

4.3 Advanced level language proficient employees can speak with ease and can initiate, sustain and close conversations with good pronunciation.

4.4 The City will cover the expense of the first language competency examination.

4.5 Subsequent testing must be requested by the Department Director and will be charged to the department's preferred account number.

5.0 Employee Responsibility

5.1 Employees who participate in the program must be available on a regular basis to use their bilingual skills.

5.2 Bilingual employees may be subject to callback after hours to provide language skills.

5.3 Employees are also required to maintain acceptable job performance standards and remain proficient in bilingual communication skills.

Section B: **CLASSIFICATION AND COMPENSATION**
No. 04 **Longevity Pay**
Revised and Approved: **04/28/2026**

1.0 Purpose:

1.1 This policy establishes eligibility and payment standards for Longevity Pay to recognize continuous service with the City of Greenville.

2.0 Scope:

2.1 This policy applies to all regular full-time and regular part-time employees of the City of Greenville.

3.0 Policy:

3.1 Eligibility

a. Employees must have completed at least 12 months of service to be eligible for Longevity Pay.
b. Employees must be actively at work and on the City's payroll through November 30th of the applicable year to receive Longevity Pay.
c. Employees on leave without pay, short-term disability leave, catastrophic leave, or Workers' Compensation leave do not accrue longevity credit during the period of such leave.

3.2 Service Credit

a. Longevity Pay is calculated based on total months of service completed as of December 31 of each year.
b. Months of service include all qualifying months worked during City employment, excluding periods of non-accrual leave as outlined in this policy.
c. Employees who separate from City employment and are later re-employed forfeit all prior longevity credit. Longevity credit will begin at zero months as of the re-employment date.

4.0 Payment Structure

4.1 Longevity Pay is issued as a lump sum payment, subject to funding and approval in the annual budget.

4.2 The Longevity Pay rate is calculated based on years of service, as follows:

a. Up to 10 years of service: $6.00 per month of service
b. Years 11 through 20: $8.00 per month of service
c. Years 21 and beyond: $10.00 per month of service

There is no maximum cap on Longevity Pay accrual

Section B: **CLASSIFICATION AND COMPENSATION**
No. 05: **Certification Pay**
Revised and Approved: **04/28/2026**

1.0 Purpose:

1.1 The purpose of this policy is to establish uniform standards governing Certification Pay for employees who obtain and maintain job-related professional certifications that enhance service delivery and benefit the City of Greenville.

1.2 Certification Pay is intended to promote professional development, reward specialized knowledge, and support operational excellence while maintaining fiscal responsibility.

2.0 Scope:

2.1 This policy applies to eligible regular full-time and regular part-time employees.

2.2 Civil Service employees are eligible where consistent with applicable law and adopted pay plans.

2.3 Temporary and seasonal employees are not eligible unless specifically authorized by the City Manager.

3.0 Policy:

3.1 **Eligibility Criteria:** To qualify for Certification Pay, the certification must:

a. Be directly related to the employee's assigned job duties or useful in other areas of the city's operations;
b. Provide measurable value or benefit to the City;
c. Be issued or recognized by a State agency, accredited professional organization, or other governmental authority;
d. Be current and maintained in good standing; and
e. Be approved by the Department Director and Human Resources prior to payment.

3.2 **Compensation Amount:**

a. Certification Pay shall be aligned to the Certification Pay chart in the appendices, or such amount as may be adopted through the annual budget process.
b. An employee may receive Certification Pay for a maximum of three (3) approved certifications.
c. Certification Pay is considered supplemental compensation and does not permanently increase base salary.

3.3 **Approval Process:**

a. Employees must submit documentation verifying certification issuance and maintenance.
b. The Department Director shall review the certification for operational relevance and submit a recommendation to Human Resources.
c. Human Resources shall verify compliance with policy standards

and authorize payroll implementation.

d. Human Resources shall verify compliance with policy standards and authorize payroll implementation.

3.4 **Maintenance and Revocation:**

a. Employees are responsible for maintaining certification validity and timely renewal.

b. Certification Pay shall cease effective the first pay period following expiration, suspension, or revocation of the certification.

c. Failure to maintain a required certification may result in disciplinary action if such certification is a condition of employment.

3.5 **Interaction with Overtime (FLSA Compliance):**

a. For non-exempt employees, Certification Pay shall be included in the regular rate of pay for purposes of calculating overtime compensation, as required by the Fair Labor Standards Act (FLSA).

b. For exempt employees, Certification Pay shall be treated as supplemental compensation and shall not alter exempt status.

3.6 **Budget and Administrative Controls:**

a. Certification Pay is subject to budget availability and approval.

b. The City reserves the right to modify or discontinue Certification Pay through the budget process.

c. Human Resources shall maintain records of approved certifications and associated compensation.

4.0 No Contract Created

4.1 Certification Pay does not create a contractual right or guarantee of continued employment.

4.2 The City reserves the right to interpret and administer this policy in accordance with operational needs and legal requirements.

CITY OF GREENVILLE
HUMAN RESOURCES POLICIES AND PROCEDURES

Section B: **EMPLOYMENT**
No. 06 **Overtime, Compensatory Time, On-Call and Emergency Pay**
Revised and Approved: **04/28/2026**

1.0 Purpose:

1.1 The purpose of this policy is to ensure compliance with the Fair Labor Standards Act (FLSA), U.S. Department of Labor regulations, and applicable state law regarding overtime, compensatory time, on-call pay, and emergency response compensation.

1.2 This policy establishes uniform standards for calculating, approving, and administering overtime and related compensation in a fiscally responsible and legally compliant manner.

2.0 Scope:

2.1 This policy applies to all City departments and all employees.

2.2 Civil Service employees in Police and Fire shall be governed by their respective work periods and pay structures consistent with applicable law.

3.0 Definitions:

3.1 **Non-Exempt Employee:** A non-exempt employee is an employee who is eligible for overtime compensation under the Fair Labor Standards Act (FLSA). Non-exempt employees must be compensated at one and one-half (1.5) times their regular rate of pay for hours worked in excess of forty (40) hours in a standard workweek, or in excess of applicable thresholds established under FLSA for law enforcement, firefighting, emergency management, or other qualifying employees under Section 207(k).

3.2 **Exempt employee:** An exempt employee is an employee who meets the salary basis and duties tests established under the Fair Labor Standards Act (FLSA) and is therefore exempt from overtime compensation requirements. Exempt employees are paid on a salary basis and are not eligible for overtime compensation.

3.3 ***NOTE:*** The Human Resources Department shall determine exempt or non-exempt status in accordance with FLSA guidelines.

3.4 **Compensable Time:** Time away from work that counts as time worked for the purpose of overtime calculation. The following counts as compensable time:

a. Mandatory training
b. Authorized city holiday
c. Approved vacation leave
d. Bereavement leave
e. Emergency Call-Back
f. On-call status
g. Jury duty
h. Travel time that qualifies as work time under FLSA

3.5 **Non-compensable time:** Time away from work that does not count as time worked for the purpose of overtime calculations. The following counts as

non-compensable time:

a. Unauthorized leave
b. Leave without pay
c. Military leave
d. Compensatory time off
e. Sick leave
f. Injury leave
g. Disability leave
h. Administrative leave with pay
i. Administrative leave without pay

4.0 Defined Work Periods

4.1 Standard Non-Exempt Workweek:

a. Seven (7) consecutive 24-hour periods (168 hours).
b. Typically begins at 12:01 a.m. Saturday and ends at midnight the following Friday unless otherwise approved.

4.2 Police Sworn Personnel – 207(k) Work Period

a. Police sworn personnel are subject to the partial overtime exemption under Section 207(k) of the Fair Labor Standards Act (FLSA).
b. The established work period for sworn Police personnel is a fourteen (14) consecutive day work period consisting of eighty (80) hours. The work period begins at 12:01 a.m. on the first day of the payroll cycle and ends fourteen (14) days later at midnight on the final day of the cycle.
c. **FLSA Overtime (80-Hour Standard):** Under the 207(k) exemption, overtime compensation is legally required only for hours worked in excess of eighty (80) hours within the fourteen (14) day work period. Hours exceeding 80 in the 14-day cycle shall be compensated at one and one-half (1.5) times the regular rate of pay or accrued as compensatory time, as authorized.
d. **City-Recognized Weekly Overtime (40-Hour Standard):** Although FLSA requires overtime only after eighty (80) hours in the fourteen-day work period, the City may compensate sworn Police personnel for hours worked in excess of forty (40) hours within a defined seven-day payroll week for administrative or operational purposes.
    i. This weekly overtime does not replace or override the 207(k) standard but operates as an internal payroll calculation method. Any weekly overtime paid during the first seven days of the work period will be reconciled within the full fourteen-day cycle to ensure compliance with the 80-hour FLSA threshold.
e. Clarification of Interaction Between the Two Standards:
    i. The 80-hour rule is the legal overtime trigger required by

federal law.

ii. The 40-hour rule, if applied, is a City administrative practice for payroll distribution and does not create a separate FLSA overtime entitlement.

iii. In no case shall overtime be paid twice for the same hours.

iv. Payroll shall ensure that total overtime compensation complies with the 207(k) threshold across the full fourteen-day period.

v. The 80-hour rule is applied to all sworn Police personnel assigned to the Patrol division.

vi. The 40-hour rule is applied to all sworn Police personnel assigned to divisions other than Patrol.

4.3 **Fire 24-Hour Shift Personnel – 207(k) Work Period**

a. Fire personnel assigned to 24-hour shifts are subject to the partial overtime exemption under Section 207(k) of the Fair Labor Standards Act (FLSA).

b. The City has established a twenty-eight (28) day work period for Fire 24-hour shift personnel. Under FLSA, overtime is legally required for hours worked in excess of two hundred twelve (212) hours during the 28-day work period.

c. **City Payroll Administration – 14-Day Overtime Calculation:** For payroll administration and consistency with the biweekly pay cycle, the City calculates overtime for Fire 24-hour shift personnel at one hundred six (106) hours within each fourteen (14) day segment of the 28-day work period.

d. The 106-hour threshold represents one-half of the 212-hour FLSA maximum for the full 28-day cycle and is used as the City's operational overtime trigger.

e. Clarification of Interaction Between the Two Standards:

i. The 212-hour threshold in 28 days is the federal FLSA overtime standard for Fire 24-hour personnel.

ii. The 106-hour threshold in 14 days is the City's administrative payroll calculation method aligned with the biweekly pay schedule.

iii. Paying overtime after 106 hours in a 14-day period ensures compliance with the 212-hour limit across the full 28-day FLSA work period.

iv. In no case shall overtime be paid twice for the same hours, and total compensation shall remain compliant with FLSA 207(k) requirements.

f. Supervisors and Payroll shall ensure accurate tracking of hours worked within both the 14-day payroll period and the full 28-day FLSA work cycle.

4.4 Departments shall ensure accurate time tracking for employees transferring between work cycles.

5.0 Overtime Compensation

5.1 Overtime shall be compensated at one and one-half (1.5) times the employee's regular rate of pay for hours worked beyond the defined work period.

5.2 Overtime must be approved in advance by the supervisor unless emergency circumstances prevent prior approval.

5.3 Employees who work unauthorized overtime must be compensated but may be subject to discipline.

5.4 Non-exempt employees shall not work "off the clock." Supervisors are prohibited from permitting or directing unpaid work.

6.0 Compensatory Time

6.1 In accordance with the Fair Labor Standards Act (FLSA), the City may provide compensatory time off ("comp time") in lieu of monetary overtime compensation for eligible non-exempt employees.

6.2 Compensatory time shall be accrued at a rate of not less than one and one-half (1.5) hours for each overtime hour worked in excess of forty (40) hours in a workweek, or other permissible work schedules established under FLSA for law enforcement, firefighting, emergency management, and other qualifying employees.

6.3 The decision to compensate overtime hours through cash payment or compensatory time shall be at the discretion of the Department Director, taking into consideration operational needs and budgetary resources.

6.4 Prior to receiving compensatory time in lieu of overtime pay, each non-exempt employee must voluntarily sign a Compensatory Time Agreement form approved by the Human Resources Department. Acceptance of compensatory time in lieu of cash overtime is voluntary on the part of the employee.

6.5 **Accrual Limits:**

a. Non-exempt employees may accrue a maximum of one hundred twenty (120) hours of compensatory time (representing eighty (80) actual overtime hours worked).

b. Sworn Police Officers and Firefighters may accrue up to a maximum of four hundred eighty (480) hours of compensatory time (representing three hundred twenty (320) actual overtime hours worked), in accordance with FLSA provisions applicable to public safety employees.

c. Once the applicable accrual maximum has been reached, additional overtime hours must be compensated in cash at the appropriate overtime rate.

6.6 **Use of Accrued Compensatory Time:**

a. Employees shall be permitted to use accrued compensatory time upon request unless doing so would unduly disrupt the effective functioning of the department.

b. Mere inconvenience shall not constitute sufficient justification to deny the use of accrued compensatory time.

c. Requests for use of compensatory time shall be submitted and approved in the same manner as other leave requests.
d. Unless an extension is approved by the Department Director, compensatory time must be used within one (1) year of accrual.

6.7 **Priority Use of Compensatory Time:**
a. In accordance with the Fair Labor Standards Act, employees with accrued compensatory time balances will generally be required to use and reduce those balances before utilizing vacation leave or other discretionary paid leave for approved absences.
b. This requirement may be modified when the use of other leave is required or protected by law, including but not limited to leave taken under the Family and Medical Leave Act or other applicable federal or state statutes, or when operational needs or administrative determinations warrant an exception.

6.8 **Separation from Employment:**
a. Upon separation from employment, employees shall be paid for all unused compensatory time at a rate not less than:
i. The average regular rate received by the employee during the last three (3) years of employment; or
ii. The final regular rate received by the employee, whichever amount is higher in accordance with FLSA requirements.

6.9 **Recordkeeping:** Each Department is responsible for maintaining accurate and current records of compensatory time earned, used, and paid. Records shall be maintained in accordance with City payroll procedures and applicable record retention laws.

7.0 Standby Pay

7.1 Certain employees may be designated by their Department Director to serve in an on-call or standby capacity in order to support essential or emergency operations.

7.2 Employees assigned to standby status are not required to remain at their home or a fixed location; however, they must:
a. Remain accessible via radio, pager, or other City-issued communication device;
b. Respond promptly to communication attempts;
c. Report to the designated work location within thirty (30) minutes of being called to duty; and
d. Remain fit for duty at all times, including refraining from the consumption of alcoholic beverages while on standby.

7.3 Time spent in standby status is typically paid out at 1.5x the employee's regular pay rate.

7.4 Time spent in standby status is <u>not</u> considered hours worked for purposes of overtime calculation unless the employee is <u>actually</u> called back to perform work.

7.5 Non-exempt employees designated as being on standby shall receive standby pay in addition to compensation for any actual hours worked as a

result of call-outs.

7.6 Standby pay shall be credited on a daily basis as follows:

a. One (1) hour at the employee's applicable overtime rate for each weekday assigned to standby status;

b. Two (2) hours at the employee's applicable overtime rate for each weekend day or City-designated holiday assigned to standby status.

7.7 Standby pay is provided regardless of whether the employee is called out to work during the standby period. If called back to work, the employee shall be compensated separately for hours actually worked in accordance with overtime and call-back provisions of this policy.

7.8 Employees who fail to remain accessible, fail to respond within the required timeframe, or otherwise misuse standby status may be subject to disciplinary action up to and including termination.

8.0 Call-Out / Emergency Call-Out Pay

8.1 A non-exempt employee who is called back to work after being released from his or her normal workday shall be credited with a minimum of two (2) hours of pay from the time the employee reports for duty until released, if the actual time worked does not exceed two (2) hours.

8.2 This minimum two-hour guarantee does not apply to pre-scheduled overtime assignments.

8.3 Multiple Call-Outs Within the Same Guarantee Period:

a. If an employee completes the work required during the initial call-out and is subsequently called out again within the same initial two-hour guarantee period, the employee shall be compensated for the greater of:

i. The actual additional time worked; or

ii. The original two-hour minimum guarantee.

b. A second call-out occurring within the initial two-hour guarantee period does not trigger a separate or additional two-hour minimum.

c. An employee shall not receive more than the original two-hour minimum guarantee unless the total actual time worked exceeds two (2) hours.

8.4 Subsequent Call-Out After Guarantee Period: If an employee receives a call-out after the expiration of the initial two-hour guarantee period, a new two-hour minimum guarantee shall commence.

8.5 Rate of Pay:

a. Call-out hours shall be compensated at the applicable overtime rate only if the employee has exceeded forty (40) hours worked in the defined workweek (or applicable FLSA work period).

b. If the employee has not exceeded forty (40) hours (or the applicable FLSA threshold), call-out hours shall be compensated at the straight-time rate.

HUMAN RESOURCES POLICIES AND PROCEDURES

Section B: **CLASSIFICATION AND COMPENSATION**
No. 07 **Leave of Absence Without Pay**
Revised and Approved: **04/28/2026**

1.0 Purpose:

1.1 The purpose of this policy is to establish uniform standards governing approved Leave Without Pay (LWOP) and to clarify its impact on compensation, benefits, accruals, and employment status.

1.2 Leave Without Pay is intended to provide flexibility to employees when paid leave balances are exhausted or when extended personal circumstances require absence from work.

2.0 Scope:

2.1 This policy applies to all regular full-time and regular part-time employees.

2.2 Temporary and seasonal employees are not eligible for discretionary Leave Without Pay unless otherwise required by law.

2.3 This policy does not replace or limit rights provided under the Family and Medical Leave Act (FMLA), military leave laws, ADA accommodations, Workers' Compensation, or other applicable federal or state laws.

3.0 Policy:

3.1 **Definition:** Leave Without Pay (LWOP) is an approved absence from work during which the employee receives no compensation and does not use accrued paid leave.

3.2 **Authorization of Leave Without Pay**

a. **Short-Term LWOP (Up to 10 Working Days Per Calendar Year)**

i. A Department Director may authorize Leave Without Pay for personal reasons for up to ten (10) working days in any calendar year.

ii. Approval shall be based on operational needs and the best interest of the department.

b. **Extended LWOP (Up to Three Calendar Months)**

i. The City Manager may authorize Leave Without Pay for a period not to exceed three (3) calendar months in any calendar year for:

- Educational or training purposes beneficial to the City;
- Urgent personal business requiring extended attention; or
- Other circumstances deemed appropriate and in the best interest of the City.

c. **Leave Beyond Three Months**

i. Leave Without Pay exceeding three (3) calendar months may be considered only upon recommendation of the Department Director and approval by the City Manager.

ii. Approval of extended leave is not guaranteed and shall be evaluated based on operational impact and business necessity.

d. All LWOP requests must be submitted in writing and approved in advance unless emergency circumstances prevent prior approval.

3.3 **Relationship to Other Leave Laws**

a. Leave Without Pay may run concurrently with FMLA, military leave, ADA accommodation leave, or other legally protected leave when applicable.

b. Where required by law, statutory leave provisions shall supersede this policy.

3.4 **Compensation and Accruals During LWOP**

a. Employees on Leave Without Pay shall not receive wages during the approved absence.

b. During periods of Leave Without Pay, employees shall not accrue:

i. Vacation leave
ii. Sick leave
iii. Longevity Benefits
iv. Other leave accruals unless otherwise required by law

c. Employees shall not receive holiday pay for holidays occurring during Leave Without Pay unless otherwise required by law.

3.5 **Benefits During LWOP**

a. Employees are responsible for payment of any required employee premiums for benefit coverage during periods of Leave Without Pay, unless otherwise provided by law.

b. Failure to timely remit required premium payments may result in cancellation of coverage in accordance with plan provisions.

3.6 **Return to Work**

a. Employees returning from approved Leave Without Pay shall be returned to their position or an equivalent position when required by law.

b. For discretionary Leave Without Pay not protected by statute, reinstatement is subject to operational needs and position availability.

c. Employees may be required to provide medical certification or other documentation prior to returning to duty, when applicable.

3.7 **Absence Without Approval**

a. Failure to report to work or remain at work as scheduled without proper authorization constitutes Absence Without Leave.

b. Employees shall not be compensated for unauthorized absences.

c. Absence without authorization for three (3) consecutive scheduled workdays may be considered job abandonment and may result in termination of employment.

4.0 Administration:

4.1 The Human Resources Department shall provide guidance regarding the application of this policy.

4.2 Department Directors are responsible for ensuring consistent and equitable application of Leave Without Pay within their departments.

HUMAN RESOURCES POLICIES AND PROCEDURES

Section B: **CLASSIFICATION AND COMPENSATION**
No. 08 **Inclement Weather and Emergency Closures**
Revised and Approved: **04/28/2026**

1.0 Purpose:

1.1 The purpose of this policy is to establish uniform procedures governing City operations during inclement weather and other emergency conditions.

1.2 The City of Greenville is committed to maintaining continuity of essential public services while ensuring employee safety and compliance with applicable wage and hour laws.

2.0 Scope:

2.1 This policy applies to all City employees.

2.2 This policy applies to official closures, delayed openings, early dismissals, and other operational modifications due to weather events or emergency conditions.

3.0 Policy:

3.1 General Operations

a. Except in extraordinary circumstances, City offices shall remain open and operational.

b. Only the City Manager (or designee) is authorized to declare an official closure, delayed opening, or early dismissal.

c. A closure may apply City-wide or may be limited to specific departments or operations, depending on the nature of the emergency.

3.2 Employee Designations

a. Departments shall designate positions as either:

i. **Essential Personnel** – Employees required to report to or remain at work during emergency or closure periods to maintain critical operations; or

ii. **Nonessential Personnel** – Employees not required to report during officially declared closures.

b. Department Directors are responsible for communicating essential designations in advance whenever practicable.

3.3 Compensation During Official Closures

a. Non-Exempt Employees – Nonessential Personnel

i. When an official closure is declared, non-exempt employees designated as nonessential shall receive Bad Weather pay for the hours they were scheduled to work.

b. Non-Exempt Employees – Essential Personnel

i. Non-exempt employees designated as essential and required to work during an official closure shall be compensated at the applicable overtime rate for hours worked during the closure period.

ii. Such employees shall not receive compensatory time off in

lieu of this premium pay unless otherwise authorized under the compensatory time provisions of this manual.

c. Exempt Employees – Nonessential Personnel
   i. Exempt employees designated as nonessential shall receive Bad Weather pay during official closures without deduction of pay.

d. Exempt Employees – Essential Personnel
   i. Exempt employees required to work during official closures shall continue to receive their regular salary in accordance with FLSA salary basis requirements.

3.4 **Offices Open – Employee Unable to Report**

a. When City offices remain open and operational:
   i. Non-exempt employees who are unable to report to work shall use accrued vacation leave or take leave without pay.
   ii. Exempt employees must be absent for the entire workday before vacation leave or leave without pay is charged. Partial-day deductions shall not be made from exempt employees' salary in accordance with FLSA salary basis regulations.
   iii. If an exempt employee has no accrued leave available, the employee may be required to make up missed time, consistent with operational needs.

3.5 **Holiday and Leave Interactions**

a. Employees on approved vacation or sick leave during a closure shall be charged leave as originally scheduled.

b. Holidays falling during an officially declared closure shall be administered in accordance with the City's holiday policy.

3.6 **Administrative Authority**

a. The City Manager retains authority to interpret and apply this policy in response to specific emergency conditions.

b. Human Resources shall provide guidance to ensure compliance with wage and hour regulations and consistent application across departments.

4.0 Compliance

4.1 This policy is intended to comply with the Fair Labor Standards Act (FLSA), including salary basis requirements applicable to exempt employees.

4.2 Nothing in this policy shall be interpreted to create an employment contract or guarantee of pay beyond what is required by law or expressly authorized herein.

Section B: **CLASSIFICATION AND COMPENSATION**
No. 10 **Travel Time**
Revised and Approved: 0**4/28/2026**

1.0 Purpose:

1.1 The purpose of this policy is to establish clear standards governing the compensability of travel time in compliance with the Fair Labor Standards Act (FLSA).

1.2 This policy ensures consistent application of wage and hour requirements while maintaining operational efficiency.

2.0 Scope:

2.1 This policy applies to all City employees.

2.2 Overtime eligibility for non-exempt employees shall be governed by applicable FLSA provisions.

2.3 Exempt employees are compensated on a salary basis and are not eligible for additional compensation for travel time unless otherwise authorized by policy.

3.0 Policy:

3.1 General Rule

a. Ordinary home-to-work commute time is not compensable.

b. Employees are generally considered to begin work upon arrival at their assigned worksite.

3.2 Commute Time

a. Travel at the beginning or end of the workday is not compensable.

b. Travel to a temporary worksite (e.g., training or offsite assignment) is not compensable if it occurs outside normal work hours and the employee proceeds directly from home.

c. Travel time is compensable if the employee is required to:

i. Report to a designated meeting location prior to traveling to the worksite;

ii. Pick up equipment, materials, or other employees;

iii. Receive instructions prior to traveling;

iv. Chauffeur other employees at the direction of a supervisor.

d. Driving a City vehicle for the employee's convenience does not convert commute time into compensable work time.

3.3 Overnight Travel

a. Travel time that occurs during an employee's normal working hours is compensable, regardless of the day of the week.

b. Travel during normal work hours on non-working days is compensable.

c. Travel outside regular working hours where the employee is a passenger and free to relax is not compensable.

d. If the employee is required to drive or perform work during travel

outside normal working hours, such time is compensable.

3.4 **Work Performed While Traveling**

a. Any productive work performed while traveling is compensable.

b. Time spent responding to emails, preparing reports, conducting City business calls, or otherwise performing assigned duties while traveling shall be counted as hours worked.

3.5 **Interaction With Overtime**

a. Compensable travel time for non-exempt employees shall be included in total hours worked for purposes of calculating overtime eligibility.

b. Overtime compensation shall be paid in accordance with the City's Overtime and Compensatory Time policies.

3.6 **Administration**

a. Department Directors are responsible for ensuring travel time is accurately reported.

b. Employees must accurately record all compensable travel time.

c. Human Resources shall interpret and administer this policy in compliance with applicable wage and hour laws.

4.0 No Contract Created:

4.1 This policy does not create a contractual right or guarantee of employment.

4.2 The City reserves the right to amend or modify this policy at any time in accordance with operational needs and legal requirements.

CITY OF GREENVILLE
HUMAN RESOURCES POLICIES AND PROCEDURES

Section B: **CLASSIFICATION AND COMPENSATION**
No. 11 **Meetings and Training Time**
Revised and Approved: **04/28/2026**

1.0 Purpose:

1.1 The purpose of this policy is to establish uniform standards for determining when time spent attending meetings, lectures, conferences, and training programs is compensable under the Fair Labor Standards Act (FLSA).

1.2 This policy ensures compliance with federal wage and hour laws while supporting employee development and operational efficiency.

2.0 Scope:

2.1 This policy applies to all City employees.

2.2 Overtime eligibility for non-exempt employees shall be governed by applicable FLSA regulations and the City's Overtime and Compensatory Time policies.

2.3 Exempt employees are compensated on a salary basis and are not eligible for additional compensation for travel time unless otherwise authorized by policy.

3.0 Policy:

3.1 General Rule

a. Time spent attending lectures, meetings, training programs, and similar activities shall be considered hours worked for non-exempt employees unless all conditions in Section 3.2 are met.

3.2 Non-Compensable Meetings and Training

Time spent in meetings or training programs shall not be counted as hours worked if **all** of the following conditions are satisfied:

a. The meeting or training occurs outside the employee's regular working hours;

b. Attendance is voluntary;

c. The meeting or training is not directly related to the employee's current job; and

d. The employee performs no productive work during the meeting or training.

If any one of these conditions is not met, the time shall be considered compensable.

3.3 "Directly Related" Defined

a. Training is directly related to the employee's job if it is designed to make the employee more effective in his or her current position.

b. Training undertaken to prepare for advancement to a higher classification or new position is not considered directly related to the employee's current job, even if the training incidentally improves current job performance.

3.4 Voluntary Attendance

a. Attendance is not voluntary if it is required by the City.

b. Attendance is not voluntary if the employee is led to believe that failure to attend may adversely affect current employment.
c. Mandatory department meetings, required certifications, safety briefings, and compliance training are considered compensable time.

3.5 **Productive Work During Training**
a. If an employee performs productive work during a meeting or training session, such time is compensable.
b. Responding to emails, completing reports, assisting attendees, or performing assigned duties during the event constitutes productive work.

3.6 **Travel Related to Meetings and Training**
a. Compensability of travel time related to meetings or training shall be governed by the City's Travel Time policy.

3.7 **Interaction with Overtime**
a. Compensable meeting and training time for non-exempt employees shall be included in total hours worked for purposes of calculating overtime eligibility.
b. Overtime compensation shall be paid in accordance with City policy and applicable law.

4.0 Administration

4.1 Department Directors are responsible for ensuring proper authorization and accurate time reporting related to meetings and training.
4.2 Employees are responsible for accurately recording compensable time.
4.3 Human Resources shall interpret and administer this policy consistent with FLSA requirements.

5.0 No Contract Created:

5.1 This policy does not create a contractual right or guarantee of employment.

Key Takeaway for Council

These policies do not change the City's classification and compensation philosophy. They reduce wage-hour litigation exposure, improve pay equity governance, and maintain fiscal accountability.

Adoption ensures equitable, fiscally responsible recognition of long-term service while maintaining clarity and consistency in compensation administration.

Subject: Consideration and action on a resolution approving the adoption of the Greenville Texas Downtown Plan. ***(Letora Anderson, Assistant Director of Community Development)***

---

1. Background/History:

The Downtown Plan process began in 2022 with a series of stakeholder engagements, including steering committee workshops, stakeholder interviews, a design studio, and coordination with City Council and TxDOT. By late 2022, the plan had progressed through key workshops and a joint P&Z and City Council meeting.

In 2023, a draft plan was distributed to the committee for review, followed by additional feedback and continued coordination through committee meetings. From late 2023 into early 2024, efforts focused on infrastructure cost estimating and incorporating stakeholder comments, including coordination with project partners. The project was then place on hold until late 2025 when the City decied to continue refining the plan by addressing committee comments and making necessary updates.

In 2026, the plan is moving toward finalization, including steering committee updates and the required public hearings with Planning & Zoning and City Council.

2. Findings/Current Activity

The final draft of the plan was presented to the Downtown Steering Committee on February 26, 2026. Committee members provided feedback, which was incorporated into an updated version of the plan. The revised draft was then shared for final review, with only minor comments received prior to the Planning & Zoning presentation on April 20, 2026.

3. Financial Impact/Account No.

There are no additional financial obligations for adoption of the Downtown Plan.

4. FY 25-26 Council Goal

1. Build Infrastructure for Greater Sustainability.
2. Planned Approach for Improving Current Water Infrastructure.
3. Strive for Municipal Excellence and Enhance Opportunities for Communication.

4. Preserve the Character of Greenville while Preparing for Flexible and Sustainable Growth.
5. Support Public Service, Health, and Safety.
6. Optimize Opportunities at the Airport.
7. Preserve the architecture and green space of current city-owned spaces/facilities while striving for and promoting beautification within the city.
8. Completion and implementation of the Downtown Plan.

5. Action Options/Recommendation
City Staff recommends the City Council consider approving the adoption of the Greenville Texas Downtown Plan.

RESOLUTION NO. 26-53

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF GREENVILLE, TEXAS, APPROVING THE ADOPTION OF THE GREENVILLE, TEXAS DOWNTOWN PLAN; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the Downtown Plan process began in 2022 and included extensive stakeholder engagement, including steering committee workshops, stakeholder interviews, a design studio, and coordination with the City Council and the Texas Department of Transportation (TxDOT); and

Subject: Consideration and action on a resolution approving a fee proposal from Kimely Horn for the development of an impact fee study update. ***(Letora Anderson, Assistant Director of Community Development)***

---

1. Background/History:
The Greenville Roadway, Water, and Wastewater Impact Fee Study developed by Kimley Horn was adopted in 2021 to assess fees on new development and offset the costs associated with increased demand on city infrastructure.

Impact fees were established for each service area by calculating the total projected cost of capital improvements required to support new development, subtracting applicable credits (such as revenue generated from new service units and associated debt payments) and dividing the net cost by the total number of projected service units based on land use assumptions.

2. Findings/Current Activity
Impact fees are required to be updated every five years. Due to Kimley-Horn's familiarity with Greenville's infrastructure, the firm is well positioned to assist the City with the Impact Fee Study update. The necessary information to support this effort has been collected to help ensure the study is completed in a timely manner.

3. Financial Impact/Account No.
Kimley-Horn has provided a cost proposal of $120,000. Impact fee funds can be used to cover the cost of the study.

4. FY 25-26 Council Goal
1. Build Infrastructure for Greater Sustainability.
2. Planned Approach for Improving Current Water Infrastructure.
3. Strive for Municipal Excellence and Enhance Opportunities for Communication.
4. Preserve the Character of Greenville while Preparing for Flexible and Sustainable Growth.
5. Support Public Service, Health, and Safety.
6. Optimize Opportunities at the Airport.

7. Preserve the architecture and green space of current city-owned spaces/facilities while striving for and promoting beautification within the city.
8. Completion and implementation of the Downtown Plan.

5. Action Options/Recommendation

City Staff recommends the City Council consider approval of the fee proposal submitted from Kimley Horn as the engineering consultant for the development of the impact fee study update.

RESOLUTION NO. 26-54

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF GREENVILLE, TEXAS, APPROVING A FEE PROPOSAL FROM KIMLEY-HORN AND ASSOCIATES, INC. FOR THE DEVELOPMENT OF AN UPDATED ROADWAY, WATER, AND WASTEWATER IMPACT FEE STUDY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of Greenville previously adopted the Greenville Roadway, Water, and Wastewater Impact Fee Study in 2021 to assess impact fees on new development and offset costs associated with increased demand on public infrastructure; and

WHEREAS, impact fees are calculated based on projected capital improvement costs necessary to serve new development, less applicable credits, and distributed across projected service units in accordance with applicable land use assumptions; and

WHEREAS, state law requires that impact fee studies be updated at least every five (5) years to ensure continued compliance and accuracy; and

WHEREAS, Kimley-Horn and Associates, Inc. prepared the City's original 2021 Impact Fee Study and possesses extensive knowledge of the City's infrastructure systems and growth projections; and

WHEREAS, funds are available from Impact Fee accounts and may be used to cover the cost of the study.

WHEREAS, the City Council believes it to be in the best interest of the citizens of Greenville to authorize the City Manager to execute all documents related to proposal received from Kimley-Horn and Associates, Inc.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF GREENVILLE, TEXAS, THAT:

SECTION 1. The City Council hereby approves the fee proposal from Kimley-Horn and Associates, Inc. in the amount of $120,000.00 for the development of an updated Roadway, Water, and Wastewater Impact Fee Study.

SECTION 2. The City Council hereby authorizes the City Manager to approve a proposal from Kimley-Horn and Associates, Inc., in an amount not to exceed $120,000.00 to complete an Impact Fee Study Update.

SECTION 3. If any section, provision, subsection, paragraph, sentence, clause, phrase, or word in this Resolution or application thereof to any person or circumstance is held invalid by any court of competent jurisdiction, such holdings shall not affect the validity of the remaining portions of this Resolution, and the City Council of the City of Greenville, Texas hereby declares it would have enacted such remaining portions, despite such invalidity.

SECTION 3. This Resolution shall take effect and be in full force immediately upon its passage and approval.

Change Request Description:

Revising the Substantial Completion Date at Sports Park due to the gas line not being installed by the franchised utilities. This impacted the critical path and milestone for the project in achieving conditioned air to the building. The conditioned air is critical in providing heat/coolant to the building for the acclimation and installation of the interior finished products per the manufacture's requirements. Conditioned air was achieved on March 2nd, 2026, this resulted in a 26-calendar day impact/delay to the Sport Park schedule. The current Substantial Completion for the Sport Park is 5/17/2026. AP is requesting a revised Substantial Completion date at the Sports Park to be 6/15/2026 to include 3 days of inclement weather (see attached schedule & weather log). AP is requesting the cost reimbursement for the Site Superintendent from May 17th thru June 12th, 2026 (see attached GC breakout for gas impact only). This is per Article 8.3 Delays and Extensions of Time (see attachment). In addition, AP will have the franchise utilities covered (gas, water, electrical) until the original Substantial Completion Date of 5/17/2026. The City of Greenville shall take over all franchise utility accounts after May 17th, 2026, for the Sports Park Rec Center. Should the City of Greenville want AP to continue to cover the utility cost, a revised OCO will be required.

Subject: Consideration and action on a resolution authorizing Additional Services Proposal #12 with Barker Rinker Seacat Architecture for additional construction administration services related to the Greenville Recreation Centers project in the amount of $63,000.00. ***(Brett Quarles, Director of Parks and Recreation)***

---

1. Background/History:
In March of 2023, the City of Greenville entered into an agreement with Barker Rinker Seacat Architecture for professional services related to the Greenville Recreation Centers project. Additional Services Proposal #12 has been submitted in reference to that original agreement dated March 1, 2023, to address added construction administration needs associated with an extension of the construction schedule. The proposal reflects that substantial completion is now anticipated in June 2026 rather than the original date of March 2026.

2. Findings/Current Activity
Additional Services Proposal #12 includes the following services necessary to support completion of the project through the revised construction schedule:
Description | **Amount**
Additional CA Fee for Barker Rinker Seacat Architecture for a 3-month construction schedule extension | $50,000.00
Up to four additional site visits by WTI to observe ongoing pool construction | $8,000.00
Additional CA Fee for Westwood to cover additional site-related changes | $5,000.00
TOTAL | **$63,000.00**
The proposal notes the following:
A. Barker Rinker Seacat Architecture's fee is based on $25,000 per additional month of construction administration, with BRS absorbing the first month of the extended schedule.
B. WTI will provide up to four additional bi-weekly site visits and corresponding field reports during construction prior to substantial completion. The fee is billed at $2,000 per visit, and any unused visits will remain unbilled.
C. Westwood's additional services are for continued construction administration

associated with the extended schedule, including coordination meetings, review of civil-related submittals, and responses to RFIs, on an hourly not-to-exceed basis.

3. Financial Impact/Account No.
The financial impact of this item is $63,000.00. The breakdown is as follows:

1. Barker Rinker Seacat Architecture: $50,000.00
2. Water Technology, Inc. (WTI): $8,000.00
3. Westwood: $5,000.00
4. Consultant Markup (10%): $0.00, waived
5. Reimbursable Expenses: $0.00, included in fees above.

Original Agreement Value ..... $ 4,977,917.00
Previous ASP Value ..... $ 634,430.95
Additional Services Proposal #12 .....$ 63,000.00
New Agreement Value ..... $ 5,675,347.95

4. FY 25-26 Council Goal
1. Build Infrastructure for Greater Sustainability.
2. Planned Approach for Improving Current Water Infrastructure.
3. Strive for Municipal Excellence and Enhance Opportunities for Communication.
4. Preserve the Character of Greenville while Preparing for Flexible and Sustainable Growth.
5. Support Public Service, Health, and Safety.
6. Optimize Opportunities at the Airport.
7. Preserve the architecture and green space of current city-owned spaces/facilities while striving for and promoting beautification within the city.
8. Completion and implementation of the Downtown Plan.

5. Action Options/Recommendation
City Staff recommends the City Council consider a resolution authorizing Additional Services Proposal #12 with Barker Rinker Seacat Architecture for additional construction administration services related to the Greenville Recreation Centers project in the amount of $63,000.00.

ADDITIONAL CONSTRUCTION ADMINISTRATION

As Westwood has exhausted their current construction administration as construction was expected to be completed in March/April 2026 based off the original construction and billing schedule. Westwood kindly requests an amendment to the current agreement to continue construction administration services until the current June 2026 construction completion date. If approved Westwood will bill their time hourly per Attachment C and will not exceed (NTE) the set amount specified below. Anticipated tasks are listed below..

Westwood will be available to attend up to three (3) virtual project coordination meetings (including conference calls) and one (1) in person meeting. The in-person meeting that is anticipated is:

- The final Completion Walk-Through and report.

This shall not be construed as performing continuous construction inspection. Westwood will also be available to review submittals from the Contractor that are required for this project and related to the civil site improvements. Those submittals could include shop drawings, product data, mix design, etc. Submittals not required by the contract documents or not related to civil site improvements will not be reviewed. Westwood will also review and respond to Request for Information (RFI's) as they pertain to the actual design and/or clarification of the design.

Please note the following:

- Westwood shall not at any time supervise or have authority over any Contractor work or jobsite management procedures, nor shall Westwood have authority over or be responsible for the means and methods, or procedures of construction selected or used by the Contractor.
- Westwood neither guarantees the performance of the Contractor nor assumes responsibility for the Contractor's failure to furnish and perform the Work in accordance with the Contract Documents.
- Westwood shall not provide or have any responsibility for surety bonding or insurance-related advice, recommendations, counseling, or research, or enforcement of construction insurance or surety bonding requirements.
- Westwood shall not be responsible for the acts or omissions of the Contractor or for any decision or interpretation of the Contract Documents made by the Contractor.

- While at the Site, Westwood's employees and representatives shall comply with the specific applicable requirements of the Contractor's and Owner's safety programs of which Westwood has been informed in writing.

RESOLUTION NO. 26-57

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF GREENVILLE, TEXAS, AUTHORIZING AN ADDITIONAL SERVICES PROPOSAL #12 WITH BARKER RINKER SEACAT (BRS) FOR ADDITIONAL CONSTRUCTION ADMINISTRATION SERVICES RELATED TO THE GREENVILLE RECREATION CENTERS PROJECT IN THE AMOUNT OF $63,000.00; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, In March of 2023, the City of Greenville entered into an agreement with Barker Rinker Seacat Architecture for professional services related to the Greenville Recreation Centers project; and

WHEREAS, Additional Services Proposal #12 has been submitted in reference to that original agreement dated March 1, 2023, to address added construction administration needs associated with an extension of the construction schedule. The proposal reflects that substantial completion is now anticipated in June 2026 rather than the original date of March 2026.

WHEREAS, the City Council has determined that the authorization of an additional services Proposal #12 with Barker Rinker Seacat (BRS) Architecture to provide Additional Construction Administration Services is consistent with the best interest of the citizens of Greenville.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF GREENVILLE, TEXAS, THAT:

SECTION 1. The City Council hereby authorizes the City Manager to execute on behalf of the City of Greenville, Texas, an additional services Proposal #12 for additional construction administration services related to the Greenville Recreation Centers Project.

SECTION 2. The amendment in the amount of $63,000.00 would be applied to the existing PO 2024-00755 and would be funded by the original bond funding amount in Project #2400 via account number 160-1-451100-55012-0000 (Construction).

SECTION 3. If any section, provision, subsection, paragraph, sentence, clause, phrase, or word in this Resolution or application thereof to any person or circumstance is held invalid by any court of competent jurisdiction, such holding shall not affect the validity of the remaining portions of this Resolution, and the City Council of the City of Greenville, Texas hereby declares it would have enacted such remaining portions, despite such invalidity.

SECTION 4. This Resolution shall be in full force and effect immediately.

Encroachment License Agreement

This Encroachment License Agreement ("**Agreement**") is made and entered into this_____ day of _____, 2026, by and between the GRBK Edgewood LLC (hereinafter referred to as "**Owner**"), a limited liability company, whose mailing address is 5501 Headquarter Dr., Suite 300W, Plano, Texas 75024; the City of Greenville, Texas (the "**City**"), and the Greenville Electric Utility System (hereinafter referred to as "**GEUS**"), a separate and distinct instrumentality of the City whose address is 6000 Joe Ramsey Boulevard, Greenville, Texas 75402; and Texas Municipal Power Agency ("**TMPA**"), whose mailing address is P.O. Box 7000, Bryan, Texas 77085.

WHEREAS, the City is the holder of easements (collectively, the "**Easement**") in Collin County, Texas granted under instruments recorded at Volume 510, Page 308, and Volume 510, Page 309, of the Deed Records of Collin County, Texas (collectively, the "**Easement Agreement"**);

WHEREAS, Owner desires to install the following facilities in the area that is burdened by the Easement (the "**Easement Area**"):

- 2X-12" water line
- 12" sanitary sewer line
- 5' water line easement (is there already a recorded easement here)
- 8" water line
- 60' road (Texas Thistle Trail) with 16' Mountable Curbs
- 2X-6-inch sidewalks

WHEREAS, TMPA is a municipal power agency created by the City and certain other municipalities under the authority of Section 4a of article 1435a, V.T.C.S., now codified as Subchapter C, Chapter 163, Utilities Code, and is now operating under Subchapter C-1, Chapter 163, Utilities Code;

WHEREAS, the Easement Area is occupied by a 138 kV overhead electrical transmission line (the "**Line**") and related facilities (together with the Line, the "**Facilities**"), which are all owned by TMPA (the "**Facilities**");

WHEREAS, the Easement Agreement prohibits Owner from using the Easement Area in any way that interferes with the City's rights under the Easement Agreement, and it gives the City authority to remove obstructions in the Easement Area that may endanger or interfere with the efficiency, safety, or convenient operation of the Facilities;

WHEREAS, Owner desires to install the improvements described on Exhibits A-1 and A-2 attached hereto within portions of the Easement Area (hereinafter referred to as the "**Encroachment"**); and

WHEREAS, the City, GEUS and TMPA (collectively, the "**Grantors**") desire to grant Owner a nonexclusive, revocable license to construct, install, repair, inspect, maintain, replace and remove the Encroachment within the portions of the Easement Area described and/or depicted on the attached Exhibits A-1 and A-2 and otherwise under the terms of this Agreement (the "**License**");

NOW, THEREFORE, for and in consideration of the sum of Ten and No/100 Dollars ($10.00), payment of which is hereby acknowledged, and such other good and valuable consideration, the parties do hereby agree as follows:

1. The Grantors hereby grant Owner the License.

2. In further consideration of the Grantors' granting Owner the License, Owner hereby agrees that in the event that any Grantor determines, in its sole discretion, that it is necessary to construct, maintain, repair, improve, remove or replace the Facilities (or any other property now or hereafter located within the Easement Area and owned or operated by any one or more Grantors), and such work requires the removal or relocation of an Encroachment in whole or in part, such removal or relocation of the Encroachment may be done by or behalf of such Grantor at the sole cost and expense of the Owner. Additionally, Owner hereby waives all claims against Grantors and their respective Representatives to the extent those claims arise from or relate to damage to any Encroachment arising in connection with any Grantor's exercise of its rights under this Section 2, **REGARDLESS IF SUCH CLAIM ARISES FROM THE NEGLIGENCE OF ONE OR MORE OF GRANTORS OR ITS REPRESENTATIVES**, except to the extent such claim arises from the gross negligence or intentional misconduct of any Grantor or any Grantor's Representative. "**Representative**" means, with respect to a Grantor, such Grantor's directors, officers, employees, agents, consultants, contractors, subcontractors, advisors, and other representatives and each of the heirs, executors, successors, and assignees of any of the foregoing.

3. Owner may locate the Encroachments in the Easement Area solely as described and shown on Exhibits A-1 and A-2. Owner may not relocate any other improvement or other property within the Easement Area without the consent of the Grantors, which consent shall be at Grantors' sole discretion. Nothing contained herein shall be construed to grant Owner permission to change grade or use in a way that affects clearances required by the National Electrical Safety Code or by any other governing authority.

4. Owner shall occupy only as much of the Easement Area deemed necessary to maintain the Encroachment. Owner shall, at its own cost and expense, comply with all applicable laws, including but not limited to existing zoning ordinances, governmental rules and regulations enacted or promulgated by any governmental authority and shall promptly execute and fulfill all orders and requirements imposed by such governmental authorities for the correction, prevention and abatement of nuisances in or upon or connected with the Encroachment. Owner shall obtain, at its

sole cost and expense, any and all land rights necessary for Owner's construction and operation of the Encroachment.

5. Owner shall maintain the Encroachment at Owner's sole expense. Grantors will not be responsible for any costs arising from or relating to the Encroachments, except to the extent such costs arise from their gross negligence or intentional misconduct.

6. Owner shall not make any improvements to the Easement Area without the consent of Grantors, which consent shall be at the sole discretion of Grantors.

7. Each Grantor shall have the right, acting alone without the consent of other Grantors, to terminate this Agreement in full or in part by delivering written notice to Owner of such termination, and Owner will have 90 days after delivery of that notice to remove the Encroachment. If upon passage of 90 days such Encroachment has not been removed by Owner, any one or more Grantors may remove such Encroachment at Owner's expense.

8. **OWNER HEREBY AGREES TO INDEMNIFY AND HOLD HARMLESS GRANTORS AND THEIR RESPECTIVE REPRESENTATIVES (COLLECTIVELY, THE "INDEMNIFIED PARTIES") FROM AND AGAINST ANY AND ALL LIABILITIES, DAMAGES, CLAIMS, COST AND EXPENSES, INCLUDING ATTORNEY'S FEES (HEREINAFTER COLLECTIVELY, "CLAIMS"), WHICH MAY BE IMPOSED UPON OR ASSERTED AGAINST ANY ONE OR MORE INDEMNIFIED PARTIES ARISING FROM OR RELATING TO AN ENCROACHMENT, REGARDLESS IF ONE OR MORE OF THE CLAIMS ARISES FROM THE NEGLIGENCE OR STRICT LIABILITY OF ONE OR MORE OF THE INDEMNIFIED PARTIES.**

9. Use of draglines or other boom-type equipment in connection with any work to be performed within the Easement Area by Owner, its employees, agents, invitees, contractors or subcontractors must comply with Chapter 752, Texas Health Safety Code, the National Electric Safety Code and any other applicable safety or clearance requirements. Notwithstanding anything to the contrary herein, in no event shall any equipment be within twenty (20) feet of power lines situated within the Easement Area. If equipment use within the Easement falls within the scope of this provision, in addition to providing notice as required by Section 11 of this Agreement, Owner must also notify the TMPA General Manager at (936) 873-1105, at least 48 hours prior to the commencement of any work in Easement Area or the use of any boom-type equipment within the Easement Area.

10. A Grantor shall send all notices required under the terms of this Agreement to be delivered to Owner to the Owner's mailing address set forth in the first paragraph of this Agreement. Owner shall send all notices required under this Agreement to be delivered to any Grantor to TMPA via U.S. mail, return receipt requested, or via Fed Ex to 2751 Nash Suite 130, Bryan TX 77802.

11. If this Agreement conflicts with the Easement Agreement, this Agreement controls.

12. The term of this Agreement and the parties' respective rights and obligations created by this Agreement will continue until this Agreement is terminated. The parties intend that their respective rights and obligations under this Agreement will run with the land, so that its terms bind all present and future owners of the Encroachment. This Agreement is binding upon, and inures to the benefit of, each party's respective transferees, successors, and assigns.

13. The parties intend that (a) if any provision of this Agreement is held to be unenforceable, then that provision will be modified to the minimum extent necessary to make it enforceable, unless that modification is not permitted by law, in which case that provision will be disregarded; (b) if an unenforceable provision is modified or disregarded in accordance with this section 13, then the rest of this Agreement will remain in effect as written; and (c) any unenforceable provision will remain as written in any circumstances other than those in which the provision is held to be unenforceable.

14. No amendment to this Agreement will be effective unless it is in writing and signed by all parties to this Agreement. No waiver of any right under this Agreement is effective unless it is in writing and signed by the party waiving its right.

15. This Agreement constitutes the entire understanding between the parties with respect to its subject matter and supersedes all other agreements, whether written or oral, between the parties with respect to its subject matter.

16. This Agreement, and all actions, causes of action, or claims arising out of or relating to this Agreement, whether at law, in equity, in contract, in tort, or otherwise, will be governed by, and enforced in accordance with, Texas law (without giving effect to its conflicts of law principles). No payment obligation on the part of Owner under this Agreement is intended to create a debt of Owner within the meaning of Article XI, Section 7, Texas Constitution, and shall be payable exclusively from utility or other current revenues available for such purpose.

RESOLUTION NO. 26-58

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF GREENVILLE, TEXAS, AUTHORIZING AN ENCROACHMENT LICENSE AGREEMENT BETWEEN GRBK EDGEWOOD LLC, THE CITY OF GREENVILLE, GREENVILLE ELECTRIC UTILITY SYSTEM, AND TEXAS MUNICIPAL POWER AGENCY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, GRBK Edgewood LLC ("Owner") desires to install certain improvements within an area encumbered by a Texas Municipal Power Agency (TMPA) 138kV Transmission Line Easement; and

WHEREAS, the proposed improvements include three water lines and associated water line easement, a sanitary sewer line, a gas line, an electric line, a 60-foot roadway with curbs, and two sidewalks (collectively, the "Owner Facilities"); and

WHEREAS, the installation of such Owner Facilities requires the approval of an Encroachment License Agreement between GRBK Edgewood LLC, the City of Greenville, Greenville Electric Utility System (GEUS), and Texas Municipal Power Agency (TMPA); and

WHEREAS, the City Council finds that authorizing the Encroachment License Agreement is in the best interest of the City and will allow for coordinated infrastructure improvements while maintaining the integrity of the existing easement; and

WHEREAS, there is no financial impact to the City of Greenville associated with this agreement;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF GREENVILLE, TEXAS:

SECTION 1. The City Council hereby approves and authorizes the Encroachment License Agreement between GRBK Edgewood LLC, the City of Greenville, Greenville Electric Utility System, and Texas Municipal Power Agency a copy of which is attached hereto as **Exhibit "A."**

SECTION 2. The City Manager is hereby authorized to execute the Encroachment License Agreement and all documents necessary for the City of Greenville.

SECTION 3. The Owner shall be responsible for the installation of the Owner Facilities in accordance with the terms and conditions set forth in the Encroachment License Agreement.

SECTION 4. If any section, provision, subsection, paragraph sentence, clause, phrase, or word in this resolution or application thereof to any person or circumstance is held invalid by any court of competent jurisdiction, such holdings shall not affect the validity of the remaining portions of this Resolution, and the City Council of the City of Greenville, Texas, hereby declares it would have enacted such remaining portions, despite such invalidity.

SECTION 5. All Resolutions or parts of Resolutions in conflict herewith are repealed to the extent of conflict only.

SECTION 6. This Resolution shall take effect immediately upon its passage.

The owner desires to install the following facilities in the area that is burdened by a TMPA 138kV Transmission Line Easement – an underground 24-inch sewer line.

2. Findings/Current Activity

GEUS and TMPA have no objections. Owner to install owner facilities after Encroachment License Agreement is authorized.

3. Financial Impact/Account No.
None

4. FY 25-26 Council Goal
1. Build Infrastructure for Greater Sustainability.
2. Planned Approach for Improving Current Water Infrastructure.
3. Strive for Municipal Excellence and Enhance Opportunities for Communication.
4. Preserve the Character of Greenville while Preparing for Flexible and Sustainable Growth.
5. Support Public Service, Health, and Safety.
6. Optimize Opportunities at the Airport.
7. Preserve the architecture and green space of current city-owned spaces/facilities while striving for and promoting beautification within the city.
8. Completion and implementation of the Downtown Plan.

5. Action Options/Recommendation

City Staff recommends the City Council consider approval of a resolution authorizing the Encroachment License Agreement with City of Josephine, Texas, GEUS, the City of Greenville and TMPA.

Encroachment License Agreement

This Encroachment License Agreement ("**Agreement**") is made and entered into this_____ day of _____, 2026, by and between the City of Josephine, Texas, a general law municipality (hereinafter referred to as "**Owner**"), whose mailing address is P.O. Box 99, Josephine, Texas 75164; the City of Greenville, Texas (the "**City**"), and the Greenville Electric Utility System (hereinafter referred to as "**GEUS**"), a separate and distinct instrumentality of the City whose address is 6000 Joe Ramsey Boulevard, Greenville, Texas 75402; and Texas Municipal Power Agency ("**TMPA**"), whose mailing address is P.O. Box 7000, Bryan, Texas 77085.

Commented [RN1]: Revise if necessary

WHEREAS, the City is the holder of an easement (the "**Easement**") in Collin County, Texas granted under an instrument recorded at Volume 510, Page 333 of the Deed Records of Collin County, Texas (the "**Easement Agreement"**);

WHEREAS, Owner desires to install a underground 24-inch sewer line in the area that is burdened by the Easement (the "**Easement Area**");

WHEREAS, TMPA is a municipal power agency created by the City and certain other municipalities under the authority of Section 4a of article 1435a, V.T.C.S., now codified as Subchapter C, Chapter 163, Utilities Code, and is now operating under Subchapter C-1, Chapter 163, Utilities Code;

WHEREAS, the Easement Area is occupied by a 138 kV overhead electrical transmission line (the "**Line**") and related facilities (together with the Line, the "**Facilities**"), which are all owned by TMPA (the "**Facilities**");

WHEREAS, the Easement Agreement prohibits Owner from using the Easement Area in any way that interferes with the City's rights under the Easement Agreement, and it gives the City authority to remove obstructions in the Easement Area that may endanger or interfere with the efficiency, safety, or convenient operation of the Facilities;

WHEREAS, Owner desires to install the improvements described on Exhibits A-1 and A-2 attached hereto within portions of the Easement Area, in particular, an underground 24-inch sewer line (hereinafter referred to as the "**Encroachment"**); and

WHEREAS, the City, GEUS and TMPA (collectively, the "**Grantors**") desire to grant Owner a nonexclusive, revocable license to construct, install, repair, inspect, maintain, replace and remove the Encroachment within the portions of the Easement Area described and/or depicted on the attached Exhibits A-1 and A-2 and otherwise under the terms of this Agreement (the "**License**");

NOW, THEREFORE, for and in consideration of the sum of Ten and No/100 Dollars ($10.00), payment of which is hereby acknowledged, and such other good and valuable consideration, the parties do hereby agree as follows:

1. The Grantors hereby grant Owner the License.

2. In further consideration of the Grantors' granting Owner the License, Owner hereby agrees that in the event that any Grantor determines, in its sole discretion, that it is necessary to construct, maintain, repair, improve, remove or replace the Facilities (or any other property now or hereafter located within the Easement Area and owned or operated by any one or more Grantors), and such work requires the removal or relocation of an Encroachment in whole or in part, such removal or relocation of the Encroachment may be done by or behalf of such Grantor at the sole cost and expense of the Owner. Additionally, Owner hereby waives all claims against Grantors and their respective Representatives to the extent those claims arise from or relate to damage to any Encroachment arising in connection with any Grantor's exercise of its rights under this Section 2, **REGARDLESS IF SUCH CLAIM ARISES FROM THE NEGLIGENCE OF ONE OR MORE OF GRANTORS OR ITS REPRESENTATIVES**, except to the extent such claim arises from the gross negligence or intentional misconduct of any Grantor or any Grantor's Representative. "**Representative**" means, with respect to a Grantor, such Grantor's directors, officers, employees, agents, consultants, contractors, subcontractors, advisors, and other representatives and each of the heirs, executors, successors, and assignees of any of the foregoing.

3. Owner may locate the Encroachments in the Easement Area solely as described and shown on Exhibits A-1 and A-2. Owner may not relocate any other improvement or other property within the Easement Area without the consent of the Grantors, which consent shall be at Grantors' sole discretion. Nothing contained herein shall be construed to grant Owner permission to change grade or use in a way that affects clearances required by the National Electrical Safety Code or by any other governing authority.

4. Owner shall occupy only as much of the Easement Area deemed necessary to maintain the Encroachment. Owner shall, at its own cost and expense, comply with all applicable laws, including but not limited to existing zoning ordinances, governmental rules and regulations enacted or promulgated by any governmental authority and shall promptly execute and fulfill all orders and requirements imposed by such governmental authorities for the correction, prevention and abatement of nuisances in or upon or connected with the Encroachment. Owner shall obtain, at its sole cost and expense, any and all land rights necessary for Owner's construction and operation of the Encroachment.

5. Owner shall maintain the Encroachment at Owner's sole expense. Grantors will not be responsible for any costs arising from or relating to the Encroachments, except to the extent such costs arise from their gross negligence or intentional misconduct.

6. Owner shall not make any improvements to the Easement Area without the consent of Grantors, which consent shall be at the sole discretion of Grantors.

7. Each Grantor shall have the right, acting alone without the consent of other Grantors, to terminate this Agreement in full or in part by delivering written notice to Owner of such termination, and Owner will have 90 days after delivery of that notice to remove the Encroachment. If upon passage of 90 days such Encroachment has not been removed by Owner, any one or more Grantors may remove such Encroachment at Owner's expense.

8. **OWNER HEREBY AGREES TO INDEMNIFY AND HOLD HARMLESS GRANTORS AND THEIR RESPECTIVE REPRESENTATIVES (COLLECTIVELY, THE "INDEMNIFIED PARTIES") FROM AND AGAINST ANY AND ALL LIABILITIES, DAMAGES, CLAIMS, COST AND EXPENSES, INCLUDING ATTORNEY'S FEES (HEREINAFTER COLLECTIVELY, "CLAIMS"), WHICH MAY BE IMPOSED UPON OR ASSERTED AGAINST ANY ONE OR MORE INDEMNIFIED PARTIES ARISING FROM OR RELATING TO AN ENCROACHMENT, REGARDLESS IF ONE OR MORE OF THE CLAIMS ARISES FROM THE NEGLIGENCE OR STRICT LIABILITY OF ONE OR MORE OF THE INDEMNIFIED PARTIES.**

9. Use of draglines or other boom-type equipment in connection with any work to be performed within the Easement Area by Owner, its employees, agents, invitees, contractors or subcontractors must comply with Chapter 752, Texas Health Safety Code, the National Electric Safety Code and any other applicable safety or clearance requirements. Notwithstanding anything to the contrary herein, in no event shall any equipment be within twenty (20) feet of power lines situated within the Easement Area. If equipment use within the Easement falls within the scope of this provision, in addition to providing notice as required by Section 11 of this Agreement, Owner must also notify the TMPA General Manager at (936) 873-1105, at least 48 hours prior to the commencement of any work in Easement Area or the use of any boom-type equipment within the Easement Area.

10. A Grantor shall send all notices required under the terms of this Agreement to be delivered to Owner to the Owner's mailing address set forth in the first paragraph of this Agreement. Owner shall send all notices required under this Agreement to be delivered to any Grantor to TMPA via U.S. mail, return receipt requested, or via Fed Ex to 2751 Nash Suite 130, Bryan TX 77802.

11. If this Agreement conflicts with the Easement Agreement, this Agreement controls.

12. The term of this Agreement and the parties' respective rights and obligations created by this Agreement will continue until this Agreement is terminated. The parties intend that their respective rights and obligations under this Agreement will run with the land, so that its terms bind all present and future owners of the Encroachment.

This Agreement is binding upon, and inures to the benefit of, each party's respective transferees, successors, and assigns.

13. The parties intend that (a) if any provision of this Agreement is held to be unenforceable, then that provision will be modified to the minimum extent necessary to make it enforceable, unless that modification is not permitted by law, in which case that provision will be disregarded; (b) if an unenforceable provision is modified or disregarded in accordance with this section 13, then the rest of this Agreement will remain in effect as written; and (c) any unenforceable provision will remain as written in any circumstances other than those in which the provision is held to be unenforceable.

14. No amendment to this Agreement will be effective unless it is in writing and signed by all parties to this Agreement. No waiver of any right under this Agreement is effective unless it is in writing and signed by the party waiving its right.

15. This Agreement constitutes the entire understanding between the parties with respect to its subject matter and supersedes all other agreements, whether written or oral, between the parties with respect to its subject matter.

16. This Agreement, and all actions, causes of action, or claims arising out of or relating to this Agreement, whether at law, in equity, in contract, in tort, or otherwise, will be governed by, and enforced in accordance with, Texas law (without giving effect to its conflicts of law principles). No payment obligation on the part of Owner under this Agreement is intended to create a debt of Owner within the meaning of Article XI, Section 7, Texas Constitution, and shall be payable exclusively from utility or other current revenues available for such purpose.

RESOLUTION NO. 26-59

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF GREENVILLE, TEXAS, AUTHORIZING AN ENCROACHMENT LICENSE AGREEMENT BETWEEN THE CITY OF JOSEPHINE, THE CITY OF GREENVILLE, GREENVILLE ELECTRIC UTILITY SYSTEM, AND TEXAS MUNICIPAL POWER AGENCY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, The City of Josephine ("Owner") desires to install certain improvements within an area encumbered by a Texas Municipal Power Agency (TMPA) 138kV Transmission Line Easement; and

WHEREAS, the proposed improvements include the installation of an underground 24-inch sewer line (collectively, the "Owner Facilities"); and

WHEREAS, the installation of such Owner Facilities requires the approval of an Encroachment License Agreement between the City of Josephine, the City of Greenville, Greenville Electric Utility System (GEUS), and Texas Municipal Power Agency (TMPA); and

WHEREAS, the City Council finds that authorizing the Encroachment License Agreement is in the best interest of the City and will allow for coordinated infrastructure improvements while maintaining the integrity of the existing easement; and

WHEREAS, there is no financial impact to the City of Greenville associated with this agreement;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF GREENVILLE, TEXAS:

SECTION 1. The City Council hereby approves and authorizes the Encroachment License Agreement between the City of Josephine the City of Greenville, Greenville Electric Utility System, and Texas Municipal Power Agency a copy of which is attached hereto as **Exhibit "A."**

SECTION 2. The City Manager is hereby authorized to execute the Encroachment License Agreement and all documents necessary for the City of Greenville.

SECTION 3. The Owner shall be responsible for the installation of the Owner Facilities in accordance with the terms and conditions set forth in the Encroachment License Agreement.

SECTION 4. If any section, provision, subsection, paragraph sentence, clause, phrase, or word in this resolution or application thereof to any person or circumstance is held invalid by any court of competent jurisdiction, such holdings shall not affect the validity of the remaining portions of this Resolution, and the City Council of the City of Greenville, Texas, hereby declares it would have enacted such remaining portions, despite such invalidity.

SECTION 5. All Resolutions or parts of Resolutions in conflict herewith are repealed to the extent of conflict only.

SECTION 6. This Resolution shall take effect immediately upon its passage.

6. Optimize Opportunities at the Airport.
7. Preserve the architecture and green space of current city-owned spaces/facilities while striving for and promoting beautification within the city.
8. Completion and implementation of the Downtown Plan.

5. Action Options/Recommendation

City Staff recommends the City Council consider approval of a resolution authorizing the Encroachment License Agreement with City of Sachse, Texas, GEUS, the City of Greenville and TMPA.

Encroachment License Agreement

This Encroachment License Agreement ("**Agreement**") made and entered into this -____day of February, 2026, by the City of Sachse, a Texas home-rule municipality, whose address is 3815-B Sachse Road, Sachse, Texas 75048 ("**Sachse**"), and the Greenville Electric Utility System, a separate and distinct instrumentality of the City of Greenville, Texas, a Texas home-rule municipality, whose address is 6000 Joe Ramsey, Blvd., Greenville, Texas 75402 ("**Greenville**").

WHEREAS, Greenville is the holder of an easement and right of way in Dallas County, Texas, granted to it by J.O. Lacy and Ruthie Lacy, which is recorded as Instrument No. 15716 of the Official Real Property Records of Dallas County, Texas ("**Easement**"); and

WHEREAS, Sachse is the owner of Merritt Road from Woodbridge Parkway to Pleasant Valley Road in Dallas County and which is burdened by the Easement; and

WHEREAS, Sachse desires a license to reconstruct and expand Merritt Road, including drainage, sewer, and water improvements, as more specifically depicted in Exhibit A, attached hereto and made a part of hereof (**"Encroachment"**).

NOW, THEREFORE, in consideration of the mutual covenants set forth herein, Greenville and Sachse do hereby agree, as follows:

1. For and in consideration of the sum of Ten and No/100 Dollars ($10.00), payment of which by Sachse to Greenville is hereby acknowledged, and such other good and valuable consideration, Greenville grants Sachse a license to install the Encroachment within the Easement, subject to the terms and conditions herein ("**License**").

2. In further consideration of Greenville's granting Sachse the License, Sachse hereby agrees that in the event that Greenville determines, in its sole discretion, that it is necessary to construct, maintain, repair, remove, or replace any facilities of Greenville located, or to be located, within the Easement, and such work requires the removal or relocation of the Encroachment in whole or in part, such removal or relocation of the Encroachment may be done by Greenville or its agents or subcontractors at the sole cost and expense of Sachse.

3. Sachse may locate the Encroachment within the Easement only as described and shown on the attached drawing marked Exhibit "A" and incorporated herein. Sachse may not relocate the Encroachment within the Easement without the consent and approval of Greenville, which consent and approval shall be at Greenville's sole discretion.

4. Sachse shall occupy only as much of the Easement deemed necessary to install and maintain the Encroachment. Sachse shall, at its own cost and expense, comply with

all applicable laws, including but not limited to, existing zoning ordinances and governmental rules and regulations enacted or promulgated by any governmental authority, and shall promptly execute and fulfill all orders and requirements imposed by such governmental authorities for the correction, prevention and abatement of nuisances in or upon or connected with said Encroachment. Sachse shall obtain, at its sole cost and expense, any and all land rights necessary for Sachse 's construction and operation of the Encroachment.

5. Sachse shall maintain the Encroachment at Sachse's sole expense. Greenville will not be responsible for any costs pertaining to construction, maintenance, or removal of Sachse's Encroachment.

6. Sachse shall not make any additional improvements within the Easement without the expressed and written consent of Greenville, which consent shall be at Greenville's sole discretion.

7. Sachse agrees that, if in the future Greenville, in its sole discretion, determines the Encroachment interferes with Greenville's use or enjoyment of its easement rights, Greenville shall have the right to revoke this License and require removal of the Encroachment at Sachse's expense. Greenville will notify Sachse in writing of such determination. Sachse will have 90 days to remove the Encroachment. If upon passage of 90 days the Encroachment has not been removed by Sachse, Greenville will remove the Encroachment at Sachse's Expense.

8. **TO THE EXTENT ALLOWED BY LAW, SACHSE HEREBY AGREES TO INDEMNIFY AND HOLD HARMLESS GREENVILLE, ITS ASSIGNEES, LICENSEES, OFFICERS, AGENTS AND EMPLOYEES FROM AND AGAINST ANY AND ALL LIABILITIES, DAMAGES, CLAIMS, COST AND EXPENSES, INCLUDING ATTORNEY'S FEES, WHICH MAY BE IMPOSED UPON OR ASSERTED AGAINST GREENVILLE, ITS ASSIGNEES, OFFICERS, AGENTS AND EMPLOYEES ARISING FROM OR IN ANY WAY CONNECTED WITH THE INSTALLATION, DESIGN, MAINTENANCE AND USE OF THE ENCROACHMENT WITHIN THE EASEMENT, OR ARISING FROM OR IN ANY WAY CONNECTED WITH ANY REMOVAL OR RELOCATION, IN WHOLE OR IN PART, OF THE ENCROACHMENT.**

   Use of draglines or other boom-type equipment in connection with any work to be performed on the Easement by Sachse, its employees, agents, invitees, contractors or subcontractors must comply with Chapter 752, Texas Health Safety Code, the National Electric Safety Code and any other applicable safety or clearance requirements. Notwithstanding anything to the contrary herein, in no event shall any equipment be within twenty (20) feet of any power lines situated on the aforesaid property. City of Sachse must notify Greenville Electric Utility System's Engineering & Operations Director at 903-457-2800 **and receive a written reply of confirmation from the Greenville** Engineering **& Operations Department** prior to the commencement of any work in Easement area or the use of any boom-type equipment in the Easement.

9. Sachse may, with Greenville's prior written consent, assign or transfer this License to a subsequent easement holder, but only upon a consent, assignment or transfer by Sachse of its underlying property rights to a third party. The transferee shall be bound to all terms and conditions of this License. In the event Sachse assigns or otherwise transfers all or a portion of its underlying property rights without first obtaining Greenville's prior written consent, this License shall expire 90 days after such assignment or transfer. Greenville may assign this License without the consent of the Sachse and such assignee shall have all the rights of Greenville hereunder.

10. Greenville shall send all notices required under this License to cnesbit@cityofsachse.com. Sachse shall send all notices required under this License to ROW@geus.org with a copy to ROW@gpltexas.org.

8. Completion and implementation of the Downtown Plan.

5. Action Options/Recommendation

City Staff recommends the City Council consider approval of a resolution authorizing the Encroachment License Agreement with FEC (Farmers Electric Cooperative), GEUS, the City of Greenville and TMPA.

Encroachment License Agreement

This Encroachment License Agreement ("**Agreement**") is made and entered into this_____ day of _____, 2026, by and between the Farmers Electric Cooperative, Inc. (hereinafter referred to as "**Owner**"), whose address is 2000 IH 30, Greenville, Texas 75402; the City of Greenville, Texas (the "**City**"), and the Greenville Electric Utility System (hereinafter referred to as "**GEUS**"), a municipally-owned utility separate and distinct from the City whose address is 6000 Joe Ramsey Boulevard, Greenville, Texas 75402; and Texas Municipal Power Agency ("**TMPA**"), whose mailing address is P.O. Box 7000, Bryan, Texas 77085.

WHEREAS, the City is the holder of an easement (the "**Easement**") in Hunt County, Texas granted under an instrument recorded at Volume 510, Page 296 of the Deed Records of Hunt County, Texas (the "**Easement Agreement"**);

WHEREAS, Owner desires to install an electric distribution line and pole in the area that is burdened by the Easement (the "**Easement Area**");

WHEREAS, TMPA is a municipal power agency created by the City and certain other municipalities under the authority of Section 4a of article 1435a, V.T.C.S., now codified as Subchapter C, Chapter 163, Utilities Code, and is now operating under Subchapter C-1, Chapter 163, Utilities Code;

WHEREAS, the Easement Area is occupied by a 138 kV overhead electrical transmission line (the "**Line**") and related facilities (together with the Line, the "**Facilities**"), which are all owned by TMPA (the "**Facilities**");

WHEREAS, the Easement Agreement prohibits Owner from using the Easement Area in any way that interferes with the City's rights under the Easement Agreement, and it gives the City authority to remove obstructions in the Easement Area that may endanger or interfere with the efficiency, safety, or convenient operation of the Facilities;

WHEREAS, Owner desires to install the improvements described on Exhibits A-1 and A-2 attached hereto within portions of the Easement Area, in particular, an electric distribution line and pole (hereinafter referred to as the "**Encroachments"**); and

WHEREAS, the City, GEUS and TMPA (collectively, the "**Grantors**") desire to grant Owner a nonexclusive, revocable license to construct, install, repair, inspect, maintain, replace and remove the Encroachment within the portions of the Easement Area described and/or depicted on the attached Exhibits A-1 and A-2 and otherwise under the terms of this Agreement (the "**License**");

NOW, THEREFORE, for and in consideration of the sum of Ten and No/100 Dollars ($10.00), payment of which is hereby acknowledged, and such other good and valuable consideration, the parties do hereby agree as follows:

1. The Grantors hereby grant Owner the License.

2. In further consideration of the Grantors' granting Owner the License, Owner hereby agrees that in the event that any Grantor determines, in its sole discretion, that it is necessary to construct, maintain, repair, improve, remove or replace the Facilities (or any other property now or hereafter located within the Easement Area and owned or operated by any one or more Grantors), and such work requires the removal or relocation of an Encroachment in whole or in part, such removal or relocation of the Encroachment may be done by or behalf of such Grantor at the sole cost and expense of the Owner. Additionally, Owner hereby waives all claims against Grantors and their respective Representatives to the extent those claims arise from or relate to damage to any Encroachment arising in connection with any Grantor's exercise of its rights under this Section 2, **REGARDLESS IF SUCH CLAIM ARISES FROM THE NEGLIGENCE OF ONE OR MORE OF GRANTORS OR ITS REPRESENTATIVES**, except to the extent such claim arises from the gross negligence or intentional misconduct of any Grantor or any Grantor's Representative. "**Representative**" means, with respect to a Grantor, such Grantor's directors, officers, employees, agents, consultants, contractors, subcontractors, advisors, and other representatives and each of the heirs, executors, successors, and assignees of any of the foregoing.

3. Owner may locate the Encroachments in the Easement Area solely as described and shown on Exhibits A-1 and A-2. Owner may not relocate any other improvement or other property within the Easement Area without the consent of the Grantors, which consent shall be at Grantors' sole discretion. Nothing contained herein shall be construed to grant Owner permission to change grade or use in a way that affects clearances required by the National Electrical Safety Code or by any other governing authority.

4. Owner shall occupy only as much of the Easement Area deemed necessary to maintain the Encroachment. Owner shall, at its own cost and expense, comply with all applicable laws, including but not limited to existing zoning ordinances, governmental rules and regulations enacted or promulgated by any governmental authority and shall promptly execute and fulfill all orders and requirements imposed by such governmental authorities for the correction, prevention and abatement of nuisances in or upon or connected with the Encroachments. Owner shall obtain, at its sole cost and expense, any and all land rights necessary for Owner's construction and operation of the Encroachments.

5. Owner shall maintain the Encroachments at Owner's sole expense. Grantors will not be responsible for any costs arising from or relating to the Encroachments, except to the extent such costs arise from their gross negligence or intentional misconduct.

6. Owner shall not make any improvements to the Easement Area without the consent of Grantors, which consent shall be at the sole discretion of Grantors.

7. Each Grantor shall have the right, acting alone without the consent of other Grantors, to terminate this Agreement in full or in part by delivering written notice to Owner of such termination, and Owner will have 90 days after delivery of that notice to remove the Encroachments. If upon passage of 90 days such Encroachment has not been removed by Owner, any one or more Grantors may remove such Encroachments at Owner's expense.

8. **OWNER HEREBY AGREES TO INDEMNIFY AND HOLD HARMLESS GRANTORS AND THEIR RESPECTIVE REPRESENTATIVES (COLLECTIVELY, THE "INDEMNIFIED PARTIES") FROM AND AGAINST ANY AND ALL LIABILITIES, DAMAGES, CLAIMS, COST AND EXPENSES, INCLUDING ATTORNEY'S FEES (HEREINAFTER COLLECTIVELY, "CLAIMS"), WHICH MAY BE IMPOSED UPON OR ASSERTED AGAINST ANY ONE OR MORE INDEMNIFIED PARTIES ARISING FROM OR RELATING TO AN ENCROACHMENTS, REGARDLESS IF ONE OR MORE OF THE CLAIMS ARISES FROM THE NEGLIGENCE OR STRICT LIABILITY OF ONE OR MORE OF THE INDEMNIFIED PARTIES.**

9. Use of draglines or other boom-type equipment in connection with any work to be performed within the Easement Area by Owner, its employees, agents, invitees, contractors or subcontractors must comply with Chapter 752, Texas Health Safety Code, the National Electric Safety Code and any other applicable safety or clearance requirements. Notwithstanding anything to the contrary herein, in no event shall any equipment be within twenty (20) feet of power lines situated within the Easement Area. If equipment use within the Easement falls within the scope of this provision, in addition to providing notice as required by Section 11 of this Agreement, Owner must also notify the TMPA General Manager at (936) 873-1105, at least 48 hours prior to the commencement of any work in Easement Area or the use of any boom-type equipment within the Easement Area.

10. A Grantor shall send all notices required under the terms of this Agreement to be delivered to Owner to the Owner's mailing address set forth in the first paragraph of this Agreement. Owner shall send all notices required under this Agreement to be delivered to any Grantor to TMPA via U.S. mail, return receipt requested, or via Fed Ex to 2751 Nash Suite 130, Bryan TX 77802.

11. If this Agreement conflicts with the Easement Agreement, this Agreement controls.

12. The term of this Agreement and the parties' respective rights and obligations created by this Agreement will continue until this Agreement is terminated. The parties intend that their respective rights and obligations under this Agreement will run with the land, so that its terms bind all present and future owners of the Encroachments.

This Agreement is binding upon, and inures to the benefit of, each party's respective transferees, successors, and assigns.

13. The parties intend that (a) if any provision of this Agreement is held to be unenforceable, then that provision will be modified to the minimum extent necessary to make it enforceable, unless that modification is not permitted by law, in which case that provision will be disregarded; (b) if an unenforceable provision is modified or disregarded in accordance with this section 13, then the rest of this Agreement will remain in effect as written; and (c) any unenforceable provision will remain as written in any circumstances other than those in which the provision is held to be unenforceable.

14. No amendment to this Agreement will be effective unless it is in writing and signed by all parties to this Agreement. No waiver of any right under this Agreement is effective unless it is in writing and signed by the party waiving its right.

15. This Agreement constitutes the entire understanding between the parties with respect to its subject matter and supersedes all other agreements, whether written or oral, between the parties with respect to its subject matter.

RESOLUTION NO. 26-61

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF GREENVILLE, TEXAS, AUTHORIZING AN ENCROACHMENT LICENSE AGREEMENT BETWEEN FARMERS ELECTRIC COOPERATIVE, THE CITY OF GREENVILLE, GREENVILLE ELECTRIC UTILITY SYSTEM, AND TEXAS MUNICIPAL POWER AGENCY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Farmers Electric Cooperative ("Owner") desires to install an electric distribution line and pole in the area that is burdened by the Easement; and

WHEREAS, the easement area is occupied by a 138kV overhead electrical transmission line and related facilities which are owned by TMPA; and

WHEREAS, the installation of such Owner Facilities requires the approval of an Encroachment License Agreement between Farmers Electric Cooperative, the City of Greenville, Greenville Electric Utility System (GEUS), and Texas Municipal Power Agency (TMPA); and

WHEREAS, the City Council finds that authorizing the Encroachment License Agreement is in the best interest of the City and will allow for coordinated infrastructure improvements while maintaining the integrity of the existing easement; and

WHEREAS, there is no financial impact to the City of Greenville associated with this agreement;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF GREENVILLE, TEXAS:

SECTION 1. The City Council hereby approves and authorizes the Encroachment License Agreement between Farmers Electric Cooperative the City of Greenville, Greenville Electric Utility System, and Texas Municipal Power Agency a copy of which is attached hereto as **Exhibit "A."**

SECTION 2. The City Manager is hereby authorized to execute the Encroachment License Agreement and all documents necessary for the City of Greenville.

SECTION 3. The Owner shall be responsible for the installation of the Owner Facilities in accordance with the terms and conditions set forth in the Encroachment License Agreement.

SECTION 4. If any section, provision, subsection, paragraph sentence, clause, phrase, or word in this resolution or application thereof to any person or circumstance is held invalid by any court of competent jurisdiction, such holdings shall not affect the validity of the remaining portions of this Resolution, and the City Council of the City of Greenville, Texas, hereby declares it would have enacted such remaining portions, despite such invalidity.

SECTION 5. All Resolutions or parts of Resolutions in conflict herewith are repealed to the extent of conflict only.

SECTION 6. This Resolution shall take effect immediately upon its passage.

1. Background/History:

The City Council made the decision in 2021 to sell Certificates of Obligations in the amount of $50 million for the replacement of the Raw Water Line which is the City's only source of water. On March 22, 2022, City Council approved the purchase of 5 miles (26,400 LF) of 36" Fusible PVC pipe for the raw water line for a fixed price of $11,480,040.00. On February 7, 2023, City Council approved the purchase of 10 miles (48,600 LF) of 36" Fusible PVC pipe for the raw water line for a fixed price of $21,133,710. On September 12, 2023, City Council approve the purchase of 5 miles (26,400 LF) of 36" Fusible PVC pipe for the raw water line for a fixed price of $13,022,000. On December 10, 2024 City Council authorized the purchase of 8,750 of fusible pipe so that the new raw water line would connect to the new South Water Treatment Plant and also connect to the North Water Treatment Plant. On December 9, 2025 the City Council authorized the purchase of 36,945 LF of 36" Fusible PVC pipe for the connection of the SWTP to the NWTP.

2. Findings/Current Activity

Staff has been working with the consultant Bartlett and West, and it was decided that it would be in the best interest of the City to connect the City's current reservoirs to the new water treatment plant, as well as connect the future reservoirs to both the current and the new water treatment plant.

A dual 36" fusible PVC pipeline from reservoir #5 to the new south water treatment plant along the existing easement for a portion of the project and a new easement running in front of the wastewater treatment plant into the south water treatment plant site, will be approximately 36,945 ft. (6.99 miles).

The design of this pipeline is currently being done by Bartlett West and the Professional Services Agreement was approved by City Council on August 26, 2025.

3. Financial Impact/Account No.

The cost for Agreement: NETEX-260406 will be:

Licensee Application Fee $9,000

Annual License Fee $1,654

Administration Fee $1,250

4. FY 25-26 Council Goal

1. Build Infrastructure for Greater Sustainability.
2. Planned Approach for Improving Current Water Infrastructure.
3. Strive for Municipal Excellence and Enhance Opportunities for Communication.
4. Preserve the Character of Greenville while Preparing for Flexible and Sustainable Growth.
5. **Support Public Service, Health, and Safety.**
6. Optimize Opportunities at the Airport.
7. Preserve the architecture and green space of current city-owned spaces/facilities while striving for and promoting beautification within the city.
8. Completion and implementation of the Downtown Plan.

5. Action Options/Recommendation

City Staff recommends the City Council authorize an agreement with Northeast Texas Rural Rail District (NETEX).

RESOLUTION NO. 26-63

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF GREENVILLE, TEXAS, AUTHORIZING A PIPELINE CROSSING AGREEMENT WITH THE NORTHEAST TEXAS RURAL RAIL DISTRICT (NETEX) FOR THE DUAL 36-INCH GRAVITY RAW WATER LINE PROJECT; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City Council previously authorized funding in the amount of $50 million in Certificates of Obligations for the replacement of the City's raw water line, which serves as the City's primary water source; and

WHEREAS, the City has since approved multiple purchases of 36-inch fusible PVC pipe and related infrastructure to support the construction of a new dual raw water transmission system connecting existing and future reservoirs to both the North and South Water Treatment Plants; and

WHEREAS, the project includes the installation of approximately 36,945 linear feet (6.99 miles) of dual 36-inch fusible PVC pipeline from Reservoir No. 5 to the South Water Treatment Plant, with design services provided by Bartlett & West; and

WHEREAS, in order to complete the project, a Pipeline Crossing Agreement with the Northeast Texas Rural Rail District (NETEX) is required; and

WHEREAS, the agreement includes a one-time application fee of $9,000, an annual license fee of $1,654, and an administration fee of $1,250; and

WHEREAS, the City Council has determined that the authorization of a Pipeline Crossing Agreement with the Northeast Texas Rural Rail District (NETEX) for the Dual 36-inch gravity raw water line project is consistent with the best interests of the citizens of Greenville.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF GREENVILLE, TEXAS, THAT:

SECTION 1. The City Council hereby authorizes the City Manager to execute on behalf of the City of Greenville, Texas, any agreements with the Northeast Texas Rural Rail District (NETEX) related to the Dual 36-inch gravity raw water line project

SECTION 2. Funding for this project is available in Project No. PW2400, Account No. 216-2-436200-55002-0000, which includes a one-time application fee of $9,000, an annual license fee of $1,654, and an administration fee of $1,250.

SECTION 3. If any section, provision, subsection, paragraph, sentence, clause, phrase, or word in this Resolution or application thereof to any person or circumstance is held invalid by any

court of competent jurisdiction, such holding shall not affect the validity of the remaining portions of this Resolution, and the City Council of the City of Greenville, Texas hereby declares it would have enacted such remaining portions, despite such invalidity.

SECTION 4. This Resolution shall be in full force and effect immediately.

PASSED AND APPROVED this the 28th day of April 2026.

PIPELINE CROSSING LICENSE AGREEMENT

THIS AGREEMENT, made as of **April 6, 2026**, the "**Effective Date**", by and between **Northeast Texas Rural Rail District,** whose mailing address is **1629 Race Track Rd. Unit 206, St. John's, FL 32259**, hereinafter called **"Railroad"**, and **City of Greenville**, whose mailing address is **Greenville City Hall, 2821 Washington Street, Greenville, TX 75403-1049**, hereinafter called **"Licensee"**,

WITNESSETH:

WHEREAS, Licensee desires to construct, use and maintain **two (2) thirty six inch (36") water pipelines** solely for the conveyance of untreated water, hereinafter called **"Pipeline"**, under and across the tracks and property owned or controlled by Railroad near **Greenville, Hunt County, Texas**, crossing Railroad's trackage at **Milepost 550.79**, including necessary steel casing pipe, hereinafter called the **"Crossing",** as shown on the application, plan and profile, **Exhibit A**, attached hereto and made a part hereof.

NOW, THEREFORE, in consideration of the mutual covenants, terms and agreements herein contained, the parties hereto agree and covenant as follows:

1. LICENSE:

1.1 Railroad, insofar as it has the legal right, power and authority to do so, and its present title permits, and subject to:

(A) Railroad's present and future right to occupy, posses and use its property within the area of the Crossing for any and all purposes;

(B) all encumbrances, conditions, covenants and easements applicable to Railroad's title to or rights in the subject property; and

(C) compliance by Licensee with the terms and conditions herein contained;

does hereby grant to Licensee the nonexclusive **License** to construct, maintain, repair, operate or use said Pipeline at the Crossing above for the term herein stated, and to remove same upon termination.

1.2 The term **Pipeline**, as used herein, shall include only the pipes, connectors, fixtures, appliances and ancillary facilities devoted exclusively to the usage above within the Crossing, and as shown on attached Application Form.

1.3 No additional pipelines or facilities shall be placed, allowed or maintained by Licensee in, upon or along the Crossing except upon separate prior written consent of Railroad.

2. LICENSE FEE, CONTRACT PREPARATION FEE, TERM:

2.1 LICENSEE shall submit a one-time Application, Engineering Review and Contractor Right of Entry Fee of **Nine Thousand U.S. Dollars ($9,000)**.

2.2 Licensee shall pay to Railroad an Annual License Fee of **One Thousand Six Hundred Fifty-Four U.S. Dollars ($1,654)**, payable upon execution of this Agreement by Licensee and then on or before the anniversary of the Effective Date. Such fee shall be subject to periodic review and adjustment by Railroad.

2.3 In addition to the above fees, Licensee will also pay a one-time contract preparation and administration fee of **One Thousand Two Hundred Fifty U.S. Dollars ($1,250)**.

2.4 Licensee assumes sole responsibility for, and shall pay directly (or reimburse Railroad), any additional annual taxes and/or periodic assessments levied against Railroad or Railroad's property solely on account of said Pipeline.

2.5 Effective Date of this Agreement shall be the date first written above and shall continue in effect from year to year until terminated by thirty (30) days written notice from either party to the other. License shall also be revocable in the event of Licensee's default, as herein provided, and shall also terminate upon (a) Licensee's cessation of use of the Pipeline or Crossing for the purposes above, (b) removal of the Pipeline, and/or (c) subsequent mutual consent.

3. CONSTRUCTION, MAINTENANCE AND REPAIRS:

3.1 Licensee shall construct, maintain, relocate, repair, renew, alter, and/or remove said Pipeline, in a prudent, workmanlike manner, using quality materials and complying with any applicable standards or regulations of Railroad, A.R.E.M.A. Specifications, Licensee's particular industry, and/or any governmental or regulatory body having jurisdiction over the Crossing.

3.2 Whenever any party or persons, including Licensee's employees, will be constructing the Pipeline, or performing work of any charter on Railroad's property or in Railroad's "zone-of-influence", said party will be required to enter into a Contractor Right-of-Entry (ROE) Agreement to conduct the work.

3.3 Location and construction of Pipeline shall be made strictly in accordance with designs and specifications furnished to and approved by Railroad and of materials and sizes appropriate for the purposes above recited.

3.4 All Licensee's work and exercise of rights hereunder shall be undertaken at times satisfactory to Railroad and in a manner so as to eliminate or minimize any impact on or interference with the safe use and operation of Railroad's tracks and appurtenances thereto.

3.5 In the installation and/or maintenance of said Pipeline, Licensee shall not use explosives of any type or perform any blasting without the separate express written consent of Railroad. As a condition to such consent, a representative will be assigned by Railroad to monitor blasting, and Licensee shall reimburse Railroad for the entire cost and/or expense of furnishing said monitor.

3.6 Any repairs or maintenance to Pipeline which are reasonably necessary to protect or facilitate Railroad's use of its property shall be made by Licensee promptly, but in no event later than ten (10) days after Licensee has notice for the need of such repair or maintenance, whether or not such repair or maintenance results from acts of Licensee, weather events or otherwise.

3.7 Railroad, in order to protect or safeguard its property, rail operations, equipment or employees from imminent damage or injury, may request immediate repairs or renewal to the Pipeline, and if the same is not performed, may make or contract to make such repairs or renewals, at the sole risk, cost and expense of Licensee.

3.8 Neither the failure of Railroad to object to any work done, material used, or method of construction or maintenance of said Crossing, nor any approval given by Railroad, shall be construed as an admission of liability or responsibility by Railroad, or as waiver by Railroad of any of the obligations, liability and/or responsibility of Licensee under this Agreement.

3.9 Licensee hereby agrees to reimburse Railroad any loss, cost or expense including losses resulting from train delays and inability to meet train schedules caused by any failure of

Licensee to make repairs or maintenance, or from improper or incomplete repairs or maintenance.

4. PERMITS, LICENSES:

4.1 Before any work is performed, or before use of the Crossing for the contracted purpose, Licensee, at its sole cost and expense, shall obtain all necessary permits (including but not limited to zoning, building, construction, health, safety or environmental matters), letters or certificates of approval. Licensee expressly agrees and warrants that it shall conform and limit its activities to the terms of such permits, approvals and authorizations, and shall comply with all applicable ordinances, rules, regulations, requirements and laws of any governmental authority (State, Federal or Local) having jurisdiction over Licensee's activities, including the location, contact, excavation and protection regulations of the Occupational Safety and Health Act (OSHA) (29 CFR 1926.651(b), et al.), and State "One Call" – "Call Before You Dig" requirements.

4.2 Licensee assumes sole responsibility for failure to obtain such permits or approvals, for any violations thereof, or for costs or expenses of compliance or remedy.

5. MARKING AND SUPPORT:

5.1 With respect to any subsurface installation upon Railroad's property, Licensee, at its sole cost and expense, shall:

(A) support tracks and roadbed of Railroad, in a manner satisfactory to Railroad;

(B) backfill with satisfactory material and thoroughly tamp all trenches to prevent settling of surface of land and roadbed of Railroad; and

(C) either remove any surplus earth or material to be placed and distributed at locations and in such manner Railroad may approve.

5.2 After construction of Pipeline, Licensee shall:

(A) restore said tracks, roadbed and other disturbed property of Railroad, to a condition reasonably comparable to the condition that existed on the date on which construction of the Pipeline commenced; and

(B) erect, maintain and periodically verify the accuracy of aboveground markers, in a form approved by Railroad, indicating the location, depth and ownership of any underground Pipeline or related facilities.

6. TRACK CHANGES:

6.1 In the event that Railroad's rail operations and/or track maintenance result in any changes in grade or alignment of or additions to Railroad's tracks or other facilities, or in the event future use by Railroad of Railroad's right-of-way and property necessitate any change of location, height or depth in Pipeline, Licensee, at its sole cost and expense and within thirty (30) days receipt of the necessary governmental approvals, shall make changes in Pipeline to accommodate Railroad's tracks or operations.

6.2 If Licensee fails to do so, Railroad may make such changes, at Licensee's cost.

7. PIPE CHANGES:

7.1 Licensee shall periodically monitor and verify the depth of Pipeline within the Crossing in relation to Railroad's tracks and facilities, and shall relocate Pipeline or change Crossing, at Licensee's expense, should such relocation or change be necessary to comply with the minimum clearance requirements of this Agreement.

7.2 If Licensee undertakes to revise, renew, relocate or change in any manner whatsoever all or any part of Pipeline, or is required by any public agency or court order to do, plans therefor shall be submitted to Railroad for approval before any such change is made. Once approved, Licensee, or their contractor, will be required to enter into a Right-of-Entry Agreement (ROE Agreement) to conduct said changes. After the work has been completed, the terms and conditions of this Agreement shall apply thereto.

8. INTERFERENCE WITH RAIL FACILITIES:

8.1 Although the Pipeline herein permitted may not presently interfere with Railroad's railroad operations or facilities, in the event that the operation, existence or maintenance of said Pipeline, in the sole judgment of Railroad, causes: (a) interference (physical, magnetic or otherwise) with Railroad's communication, signal or wires, power lines, train control system, or other facilities; or (b) interference in any manner with the operation, maintenance or use by Railroad of its right-of-way, tracks, structures, pole lines, devices, other property, or any appurtenances thereto; then, and in either event, Licensee, upon receipt of written notice from Railroad of any such interference, and at Licensee's sole risk, cost and expense, shall promptly make such changes in its Pipeline as may be required in the judgment of Railroad to eliminate all such interference. Upon Licensee's failure to remedy or change, Railroad may do so or contract to do so, at Licensee's sole cost.

8.2 Without assuming any duty hereunder to inspect Pipeline, Railroad hereby reserves the right to inspect same and to require Licensee to undertake reasonable repairs, maintenance or adjustments to Pipeline, which Licensee hereby agrees to make promptly, at Licensee's sole cost and expense.

9. RISK, LIABILITY, INDEMNITY:

With respect to the liabilities of the parties, it is hereby agreed that:

9.1 Licensee hereby assumes, and shall at all times hereafter release, indemnify, defend and save Railroad harmless from and against any and all liability, loss, claim, suit, damage, charge or expense which Railroad may suffer, sustain, incur or in any way be subjected to, on account of death of or injury to any person whomsoever (including officers, agents, employees or invitees of Railroad), and for damage to or loss of or destruction of any property whatsoever, arising out of, resulting from, or in any way connected with the presence, existence, operations, or use, of Pipeline or the restoration of premises of Railroad to their prior order or condition after removal, EXCEPT to the extent proven to have been caused by the fault, or negligence of Railroad. HOWEVER, during any period of actual construction, repair, maintenance, replacement or removal of Pipeline, wherein agents or personnel of Licensee are on the railroad right-of-way, Licensee's liability hereunder shall be absolute, irrespective of any fault or negligence of Railroad.

9.2 Use of Railroad's right-of-way involves certain risks of loss or damage as a result of Railroad's rail operations. Notwithstanding Section 9.1, as between Railroad and Licensee, Licensee expressly assumes all risk of loss and damage to Licensee's Property and Pipeline on the Crossing, including loss of or any interference with use or service thereof, regardless of cause, including electrical field creation, fire or derailment resulting from Railroad's rail operations. For this Section, the term **"Licensee's Property"** shall include property of third

parties situated or placed upon Railroad's right-of-way by Licensee or by such third parties at request of or for benefit of Licensee.

9.3 Notwithstanding Article 9.1, Licensee also expressly assumes all risk of loss which in any way may result from Licensee's failure to maintain either required clearances for any overhead Pipeline or the required depth and encasement for any underground Pipeline, whether or not such loss results in whole or part from Railroad's contributory negligence or joint fault.

9.4 If a claim or action is made or brought against either party, for which the other party may be responsible hereunder in whole or in part, such other party shall be notified and permitted to assume in the handling or defense of such claim or action.

10. INSURANCE:

10.1 Prior to installation or occupation of the Pipeline pursuant to this Agreement, Licensee shall procure Public Liability or Commercial General Liability Insurance, and shall also maintain during continuance of this Agreement, at its sole cost and expense, a policy of Public Liability or Commercial General Liability Insurance covering liability under this License. Coverage of **Two Million U.S. Dollars ($2,000,000)** Combined Single Limit per occurrence for bodily injury and property damage, and an aggregate of **Six Million U.S. Dollars ($6,000,000)** required as a minimum to protect Licensee's assumed obligations hereunder. If said policy does not automatically cover Licensee's contractual liability under this Agreement, a specific endorsement adding such coverage shall be purchased by Licensee. Failure to do so shall be at Licensee's sole risk.

10.2 If said CGL policy is written on a "claim made" basis instead of a "per occurrence" basis, Licensee shall arrange for adequate time for reporting losses. If said CGL policy does not automatically cover Licensee's contractual liability during periods of survey, installation, maintenance and continued occupation, a specific endorsement adding such coverage shall be purchased by Licensee. Failure to do so shall be at Licensee's sole risk.

10.3 Throughout any period of construction performed within fifty (50) feet of railroad operations, the insurance industry dictates that Railroad Protective Liability Insurance (RPL) should be purchased to protect the railroad. No work of any character shall be started on the property of Railroad without an RPL insurance policy having been received in the name of and approved by Railroad as to the limits, form, and substance. Limits are **Two Million U.S. Dollars ($2,000,000)** for bodily injury and property damage per occurrence, and an aggregate of **Six Million U.S. Dollars ($6,000,000)**. The policy will remain in force during the construction and must be provided prior to Railroad executing the covering agreement. If you are a member of AEGIS (Associated Electric & Gas Insurance Services Limited), this may be submitted for Railroad's review and acceptance.

10.4 Securing such insurance shall not limit Licensee's liability hereunder, but shall be additional security therefor.

10.5 Railroad may at any time request evidence of insurance purchased by Licensee to comply with this Agreement. Failure of Licensee to comply with Railroad's demand shall be considered a default, subject to Article 13.

11. GRADE CROSSINGS, FLAGGING:

11.1 Nothing herein contained shall be construed to permit Licensee or Licensee's contractor to move any vehicles or equipment over tracks of Railroad, except at public road crossings, without separate prior written approval of Railroad.

11.2 If Railroad deems it advisable, during the progress of any construction, maintenance, repair, renewal, alteration, change or removal of said Pipeline, to place watchmen, flagmen, inspectors or supervisors for protection of property or operations of Railroad or others on Railroad's property at the Crossing, and to keep persons, equipment and materials away from Railroad's tracks, Railroad shall have the right to do so at the sole cost and expense of Licensee, but Railroad shall not be liable for failure to do so.

11.3 Prior to entering the Railroad's property to conduct any activity, Licensee shall give notice as provided in Section 15 to Railroad's General Manager and the necessity of flagging shall be determined. If Railroad employees provide such flagging, it shall be at the present rate of **Nine Hundred U.S. Dollars ($900)** per day with an eight-hour maximum. The flagging rate shall be subject to revision based on future rates that are in effect at the time flagging is performed.

11.4 Subject to Railroad's consent and to Railroad's Railroad Operating Rules and existing labor agreements, Licensee may provide such flagmen, watchmen, inspectors or supervisors during all times of construction, at Licensee's sole risk, and expense; and in such event, Railroad shall not be liable for the failure or neglect of such watchmen, flagmen, inspectors or supervisors.

12. RAILROAD'S COSTS, INVOICES:

12.1 Any reasonable additional or alternative costs or expenses incurred by Railroad to accommodate Licensee's continued use of Railroad's property as a result of track changes or pipe changes shall also be paid by Licensee.

12.2 Railroad's expense for wages and materials for any work performed at expense of Licensee, pursuant to any stipulation of this Agreement, shall be paid by Licensee within thirty (30) days after receipt of Railroad's bill therefor.

12.3 Such expense shall include, but not be limited to, cost of railroad labor and supervision under "force account" rules, plus current applicable overhead percentages, the actual cost of materials, plus insurance, freight and handling charges on all materials used. Equipment rentals shall be in accordance with Railroad's applicable fixed rates.

12.4 All annual or monthly invoices, undisputed bills or portions of bills not paid within said thirty (30) days after an invoice has been issued, shall be subject to a late fee penalty of twenty percent (20%) per month such invoice remains unpaid, unless limited by local law, and then at the highest rate so permitted. Unless Licensee shall have furnished detailed objections to such bills within thirty (30) days, bills shall be presumed undisputed.

13. DEFAULT, BREACH, WAIVER:

13.1 The proper and complete performance of each covenant of this Agreement shall be deemed of the essence thereof, and in the event Licensee fails or refuses to fully and completely perform any of said covenants or to remedy any breach within thirty (30) days after receiving a written notice from Railroad to do so (or within twenty-four (24) hours in the event of notice of a railroad emergency), Railroad shall have the option of immediately terminating this Agreement, and revoking the privileges and powers hereby conferred upon Licensee, regardless of license fees having been paid in advance for any annual or other period. Upon such termination, Licensee shall make removal in accordance with Article 14.

13.2 No waiver by either party at any time of its rights as to any covenants or condition herein contained shall be construed as a permanent waiver of such covenant or condition, or any

subsequent breach thereof, unless such covenant or breach is permanently waived in writing by said party.

14. TERMINATION, REMOVAL:

14.1 All rights which Licensee may have hereunder shall cease and end upon the date of (a) termination, (b) revocation, and/or (c) upon Licensee's removal of Pipeline from the Crossing. However, termination or revocation of this Agreement shall not affect any claims and liabilities which may have arisen or accrued hereunder, and which at the time of termination or revocation have not been satisfied; neither party, however, waiving any third party defenses or actions.

14.2 Within thirty (30) days after termination or revocation, Licensee, at its sole risk and expense, shall (a) (i) remove Pipeline from the property of Railroad or (ii) abandon the Pipeline in place, in which case the same shall be cut, capped and flushed in accordance with applicable law, unless the parties hereto agree otherwise, (b) restore property of Railroad to its pre-existing condition in a manner reasonably satisfactory to Railroad, and (c) reimburse Railroad all reasonable loss, cost or expense of Railroad resulting from such removal.

15. NOTICE:

15.1 Licensee shall give Railroad at least five (5) days written notice before doing any work of any character hereunder on Railroad's property, except that in cases of emergency shorter notice may be given to Railroad. All other notices and communications concerning this Agreement shall be addressed to Licensee at the address above, and to Railroad at the address and telephone numbers as follows:

Northeast Texas Rural Rail District
1200 Enterprise Lane
Sulphur Springs, TX 75482

With a copy to: RAMS Inc., Inc.
Attn: Jarrett Mankin
1629 Race Track Rd. Suite 206
St. John's, FL 32259

15.2 In addition to the five (5) days written notice, prior to entering the Railroad's property, Licensee will provide daily notification to Mr. Miguel Fernandez, MTO at:

Office Phone: (903) 348-2933
Email: mfernandez@thefreedomrailgroup.com

Such notification must be acknowledged and permission received from the Railroad in each instance that Licensee will occupy Railroad's property for any reason or cause.

15.3 All notices under this Section shall be in writing and sent via USPS or FedEx (or a similar, trusted courier service) with a registered and/ or certified receipt and a written record maintained by Licensee of delivery, phone and/ or email notices exchanged between Licensee and Railroad. All notices shall be effective upon actual receipt.

16. ASSIGNMENT:

16.1 The rights herein conferred are the privilege of Licensee only, and Licensee shall obtain Railroad's prior written consent to any assignment of Licensee's interest herein.

16.2 Subject to Article 16.1 and 16.3, this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors or assigns, or heirs, legal representatives and assigns, as the case may be.

16.3 Licensee shall give Railroad written notice of any legal succession (by merger, amalgamation, consolidation, reorganization, etc.) or other change of legal existence or status of Licensee, with a copy of all documents attesting to such change or legal succession, within thirty (30) days thereof. Any change of legal existence, including a name change of Licensee, will be acknowledged and an assignment required of this Agreement or a new Agreement prepared to provide for the continuation of this License and permit.

16.4 Railroad expressly reserves the right to assign this Agreement, in whole or in part, to any grantee or vendee of Railroad's underlying property interests in the Crossing, upon notice thereof to Licensee.

16.5 In the event of any unauthorized sale, transfer, assignment, sublease or encumbrance of this Agreement, or any of the rights and privileges hereunder, Railroad, at its option, may revoke this Agreement at any time within six (6) months after such sale, transfer, etc., by giving Licensee or any such assignee written notice of such revocation. At such time, Licensee shall reimburse Railroad for any loss, cost or expense Railroad may incur as a result of Licensee's failure to obtain said written consent.

16.6 In the event of sale or other conveyance by Railroad of its right-of-way, across, under or over, which the Crossings is constructed, Railroad's conveyance shall be made subject to the right of Licensee to continue to occupy the Crossing on the specific right-of-way, and to operate, maintain, repair, renew thereon and to remove therefrom the facilities of Licensee, subject to all other terms of this Agreement.

17. TITLE, LIENS, ENCUMBRANCES:

17.1 Licensee shall not at any time own or claim any right, title or interest in or to Railroad's property occupied by Licensee's Pipeline, nor shall the exercise of this Agreement for any length of time give rise to any right, title or interest in Licensee to said property other than the license herein created.

17.2 Nothing herein shall be deemed to act as any warranty, guarantee, or representation of the quality of title of the rail right-of-way corridor occupied or used under this Agreement.

17.3 Nothing in this Agreement shall be deemed to give, and Railroad hereby expressly waives, any claim of ownership in and to any part of Licensee's Pipeline.

17.4 Licensee shall not create or permit any mortgage, pledge, security, interest, lien or encumbrances, including without limitation, tax liens and liens or encumbrances with respect to work performed or equipment furnished in connection with the construction, installation, repair, maintenance or operation of Licensee's Pipeline in or on any portion of the Crossing (collectively, "Liens or Encumbrances"), to be established or remain against the Crossing or any portion thereof or any other Railroad property.

17.5 In the event that any property of Railroad becomes subject to such Liens or Encumbrances, Licensee agrees to pay, discharge or remove the same promptly upon Licensee's receipt of notice that such Liens or Encumbrances has been filed or docketed against the Crossing or

any other property of Railroad; however, Licensee reserves the right to challenge, at its sole expense, the validity and/or enforceability of any such Liens or Encumbrances.

18. GENERAL PROVISIONS:

18.1 This Agreement, and the attached specifications and drawing, Exhibit A, contain the entire understanding between the parties hereto.

18.2 Neither this Agreement, any provision hereof, nor any agreement or provision included herein by reference, shall operate or be construed as being for the benefit of any third person.

18.3 The form or any language of this Agreement shall not be interpreted or construed in favor of or against either party hereto as the drafter thereof.

18.4 This Agreement is executed under current interpretation of any and all applicable Federal, State, County, Municipal or other local statute, ordinance or law. Each and every separate division (paragraph, clause, item, term, condition, covenant or agreement) hereof shall have independent and severable status from each other separate division for the determination of legality, so that if any separate division is determined to be void, such determination shall have no effect upon the validity or enforceability of each other separate division, or any other combination thereof.

18.5 This Agreement shall be construed and governed by the laws of the state in which the Pipeline is located.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement in duplicate (each of which shall constitute an original) as of the date and year first above written.

Subject: Consideration and action on a resolution authorizing a Licensed Training Provider Agreement between The American National Red Cross and the City of Greenville, Texas.*(Brett Quarles, Director of Parks and Recreation)*

---

1. Background/History:
The Parks & Recreation Department is requesting approval to enter into a Licensed Training Provider Agreement with The American National Red Cross. This agreement will allow the City of Greenville to operate as an authorized Red Cross Licensed Training Provider and deliver approved Red Cross training courses using Red Cross curriculum, instructional materials, and certification systems.
Through this agreement, the City will be authorized to offer a broad range of training and certification programs that support Parks & Recreation and aquatics operations, including Life guarding, Learn-to-Swim, CPR/AED for Professional Rescuers, First Aid/CPR/AED, Basic Life Support, Responding to Emergencies, Babysitter's Training, Wilderness and Remote First Aid, and other aquatics-related courses.

2. Findings/Current Activity
The proposed agreement establishes the City of Greenville as the Licensed Training Provider and requires the City to ensure that only currently certified and authorized instructors deliver Red Cross courses on the City's behalf. It also requires the City to use current Red Cross-approved materials and submit course completion records through the Red Cross learning management system.
The agreement term is for thirty-six (36) months from the effective date unless terminated earlier in accordance with the agreement terms. Either party may terminate the agreement with at least thirty (30) days' written notice.
Approval of this agreement will allow Greenville Parks & Recreation to continue developing in-house training capacity, maintain nationally recognized certification standards, and support safe and efficient operation of aquatic and recreation programs.

3. Financial Impact/Account No.
Under the agreement, the City will pay applicable Red Cross fees based on course type, enrollment, and certification activity. The agreement includes per-student or per-course pricing for authorized programs, as well as Learn-to-Swim facility fees based on

enrollment volume. The agreement also states that Red Cross may review and increase pricing annually upon notice.
Any costs associated with training, certifications, and course administration will be paid from the Recreation Fund operating budget, subject to available appropriations and program activity levels.

4. FY 25-26 Council Goal
1. Build Infrastructure for Greater Sustainability.
2. Planned Approach for Improving Current Water Infrastructure.
3. Strive for Municipal Excellence and Enhance Opportunities for Communication.
4. Preserve the Character of Greenville while Preparing for Flexible and Sustainable Growth.
5. Support Public Service, Health, and Safety.
6. Optimize Opportunities at the Airport.
7. Preserve the architecture and green space of current city-owned spaces/facilities while striving for and promoting beautification within the city.
8. Completion and implementation of the Downtown Plan.

5. Action Options/Recommendation

City staff recommends authorizing the Licensed Training Provider Agreement between The American National Red Cross and the City of Greenville, Texas, and authorizing the City Manager to execute the agreement and related documents necessary to administer the program. This agreement will support staff certification, aquatic safety, swim lesson programming, and the continued delivery of nationally recognized training opportunities through Greenville Parks & Recreation

Licensed Training Provider Agreement

This **Licensed Training Provider Agreement** ("Agreement") is by and between The American National Red Cross ("Red Cross") and **City of Greenville, TX** (the "LTP") (each a "Party" and together the "Parties"), effective as of the last date of signature set forth below ("Effective Date"), for the purpose of licensing Red Cross training materials and curriculum to LTP in order to permit LTP to deliver instruction in the Red Cross training courses that are included within the product package(s) listed in Appendix B ("Courses").

1. **LTP Responsibilities.** LTP will:
   - 1.1. Only permit an individual to teach a Course and submit Course Records (as defined below) under LTP's account in Red Cross's learning management system ("LMS") if that individual (i) has an active certification by Red Cross to teach the Course, and is otherwise in good standing as an instructor with Red Cross, when the Course is delivered, and (ii) has been authorized by LTP to teach Courses on LTP's behalf and enter records for completed Courses ("Course Records") on LTP's behalf in Red Cross's LMS before the Course is delivered. (Individuals who satisfy all of these conditions are hereinafter referred to as "Instructors").
   - 1.2. Cause Instructors to teach Courses using only the most current Red Cross-approved instructional materials and such other copyrighted and proprietary educational content as Red Cross may provide from time to time, as the same may be amended, supplemented, or retired, to licensed training providers of Course instruction ("Course Materials"), in compliance with the most current Red Cross Training Provider Resource Guide ("Guide"), curricula, policies, and procedures, as the same may be amended, supplemented, or retired from time to time (collectively, the "Policies"), which Policies, as of the Effective Date, are available at https://www.redcrosslearningcenter.org.
   - 1.3. Only sponsor, promote, and teach Courses and otherwise perform under this Agreement within the United States of America and its territories ("U.S."), as the Red Cross is only permitted to operate within the U.S. LTP will only permit its personnel and students in the U.S. to take online-only Courses ("e-learning Courses") or the online component of any Course.
   - 1.4. Permit—or, upon Red Cross's request, obtain permission for—Red Cross to enter upon the premises at which Courses are taught so that Red Cross can observe LTP's Courses. Red Cross will cooperate with LTP in the scheduling of any such visit, but LTP may not notify its Instructors in advance of a scheduled visit.
   - 1.5. Enter accurate and complete Course Records for each completed Course, along with all other requested information, into the Red Cross's LMS within ten (10) calendar days of the date that any scheduling instance of a Course (each a "Class") has been completed, and comply with all terms and conditions of the LMS during such use.
   - 1.6. Only provide Red Cross issued Course completion certificates, using Red Cross-approved systems and forms, to students who have successfully completed a Course that has been administered by the required number of Instructors and otherwise in compliance with the Policies and this Agreement (it being understood that Red Cross may, in addition to other remedies, invalidate any Course completion certification not issued in conformity with this section).
   - 1.7. Pay all fees payable under this Agreement when due, in accordance with section 5 below.
   - 1.8. Be responsible for LTP's acts and omissions, and the acts and omissions of its Instructors, in connection with the delivery of Courses under this Agreement.
   - 1.9. Maintain insurance (or, if LTP is a public entity, self-insure through a publicly recognized self-insurance program) to cover its performance under this Agreement, as Red Cross insurance does not extend to

LTP or its Instructors. If aquatics courses are included among the Courses that LTP is authorized to deliver under Appendix B, maintain, at minimum, the types and limits of coverage set forth in Appendix C. Provide proof of insurance coverage to Red Cross upon its request.

2. License to Course Materials; CPS.

2.1. Red Cross is the owner of Course Materials. Subject to the terms and conditions of this Agreement, Red Cross hereby grants LTP a limited, non-exclusive, non-transferrable, and non-sublicensable license to publicly display and perform, Course Materials solely for the purpose of conducting Courses authorized under this Agreement. LTP may not revise, edit or create derivative works of Course Materials, in whole or in part.

2.2. Course Materials will be made available to LTP by digital download or other means as determined by Red Cross. LTP shall only obtain Course Materials for Courses that LTP is authorized to provide, and only through distribution means authorized by Red Cross.

2.3. Any certificates memorializing the successful completion of any Course may be issued only through the LMS. LTP has no right or authorization to design or create its own Course completion certificates.

2.4. LTP shall use reasonable efforts to protect the Course Materials from use not permitted under this Agreement. This Agreement does not constitute a transfer of ownership rights in the Course Materials. LTP shall not use facts and information from the Course Materials to create its own courses and course materials.

2.5. LTP may, from time to time, at its election, participate in Red Cross's Class Posting Service ("CPS"). Using the CPS, licensed training providers of Red Cross may advertise the availability of Courses to prospective students on Red Cross's on-line store, for additional fees. LTP agrees that its participation in the CPS will be governed by the terms and conditions contained in Red Cross's CPS User Guide, as the same may be amended from time to time. Red Cross may suspend or terminate the CPS with respect to all licensed training providers, including LTP, at any time or from time to time, in its sole discretion.

3. Use of Names and Marks.

3.1. Red Cross grants LTP the limited, non-exclusive, non-transferable and non-assignable license in the U.S. to use the name and logo of the Red Cross in the format set forth in the Guide (the "Authorized Mark") solely to promote that LTP is an authorized provider of the Courses, and subject to all restrictions herein this Agreement and the Policies.

3.2. Except as expressly provided in this Agreement, neither Party may use the other Party's name(s), logos trademarks or other intellectual property in marketing materials, press releases, presentations other than Courses, or otherwise without the advance written consent of the other Party, which consent may be granted or withheld in the other Party's sole discretion.

3.3. LTP shall not state or imply that LTP is employed by Red Cross, or that Red Cross sponsors or endorses LTP's business, products or services generally, or that any other training courses and services other than the Courses, are owned or endorsed by or otherwise associated or affiliated with Red Cross.

3.4. LTP shall not (i) create a compound mark with the Authorized Mark or (ii) use the Authorized Mark with any other design, slogan or trademark when such combination would tend to cause confusion as to source or affiliation.

3.5. LTP shall not in any instance, use a Greek red cross design in association with its business, goods or services.

4. Term and Termination.

4.1 This Agreement will be effective as of the Effective Date listed above and ends on the day before the thirty-six (36) month anniversary thereof, unless earlier terminated as provided below.
4.2 Red Cross may immediately terminate this Agreement if LTP breaches this Agreement. Red Cross may also terminate this Agreement if LTP breaches the terms of the CPS.
4.3 Either Party may terminate this Agreement with advance written notice to the other Party of at least thirty (30) days.
4.4 Notwithstanding expiration or any termination of this Agreement, the provisions of this Agreement will continue to govern with respect to any amounts payable to Red Cross for Courses completed prior to such expiration or termination. The Parties' obligations under sections 5.10 and 7 below will also survive expiration or any termination of this Agreement.

5. Fees and Invoicing.

5.1 For each Course enrollee, LTP will be charged the per-student license fee that is applicable to that Course. Courses are included within the product package(s) listed on Appendix B. Fees for Courses are set forth in the price list attached to Appendix B.
5.2 Unless LTP has been approved for invoicing, LTP will remit payment by credit card upon entry of Course Records into LMS. All fees for CPS are non-refundable and will be paid by credit card at the time LTP submits the Class for posting.
5.3 Red Cross may approve or deny LTP's request to be invoiced at Red Cross's sole discretion. Invoices will be sent via postal mail, may be issued up to four (4) times per month, and will include all transactions submitted in that billing period. Payment in full is due thirty (30) days from the date of each invoice. If LTP does not pay any amount by the payment due date, the Red Cross may, in its sole discretion (a) suspend or terminate the LTP's invoicing privileges and require credit card payment at the time LTP enters Courses into LMS; or (b) suspend or terminate the LTP's right to deliver Red Cross training and enter Course Records into LMS. If the Red Cross pursues collections action to recover past due amounts, the LTP will be responsible for all costs of collection including reasonable attorney's fees and collection agency fees and expenses.
5.4 If approved for invoicing, LTP may elect to have invoices delivered electronically to one (1) email address. LTP will provide Red Cross a single valid email address for electronic invoice delivery. LTP will receive a PDF copy of the invoice. LTP understands that LTP will not receive an invoice via postal mail after enrollment in electronic invoice delivery.
5.5 If LTP desires that invoices issued by Red Cross reflect LTP-issued purchase order numbers, then any such purchase order must be received by Red Cross at least ten (10) business days prior to the Class date; it being understood that under no circumstance will the absence of an LTP-issued purchase order number on any invoice excuse LTP's timely payment of that invoice.
5.6 To pay an invoice by credit card or to establish ACH payments, call 888-284-0607. To pay an invoice by check, include the remittance advice showing the LTP account name, customer number and invoice number, and send to:

American Red Cross - Training Services
25688 Network Place
Chicago, IL 60673-1256

5.7 Red Cross is not obligated to use LTP's vendor payment portal. If LTP desires that Red Cross use LTP's vendor payment portal, LTP must make such a request in writing. Red Cross may grant or deny the request in its sole discretion. Acceptance of such a request may only be made in writing by an authorized representative of Red Cross. LTP must continue to pay invoices delivered by mail or email on a timely basis while such a request is pending. If Red Cross elects to use LTP's vendor payment portal,

Red Cross will not be obligated to pay LTP or any third party any fee or expense for such use, regardless of any provision to the contrary in such portal's terms of use. LTP will, on demand, promptly reimburse Red Cross for any such fee or expense.

5.8 If LTP has account balance or invoice questions or concerns, immediately upon receipt of invoice, LTP may email billing@redcross.org or call 888-284-0607 to report and resolve the inquiry.

5.9 At least annually, Red Cross will review its national pricing, and may increase its pricing and fees. Red Cross will notify LTP of any such increase. Such notice (which Red Cross may send to LTP's contact for notices or contact for billing in Appendix A) will specify the date on which the increase will take effect under this Agreement. That date will be at least thirty (30) days after the date of such notice. As of that effective date, prices and fees under this Agreement will automatically be modified to reflect such increase without need for the Parties to take any other action, including (without limitation) the execution of any separate modification of, or amendment to this Agreement.

5.10 If the Red Cross determines that any Course offered by the LTP is not taught in accordance with Red Cross Policies, the LTP will be responsible for any costs associated with re-training Course participants. Red Cross, at its sole discretion, will determine the appropriate party to conduct re-training, which may include the LTP, or any Red Cross employee, volunteer, or third-party licensed training provider. LTP's obligation to pay for retraining under this section will survive the expiration or earlier termination of this Agreement with respect to any such retraining that takes place after the effective date of expiration or termination; and the provisions for invoicing and collection of past-due amounts set forth in this Section 5 will continue to govern with respect to any such obligation.

6. Notices. Each Party's contacts for notices and billing under this Agreement are listed on Appendix A.

7. Confidentiality. Except as required by applicable law or otherwise provided herein, LTP will maintain in confidence the pricing information set forth in Appendix B.

8. Intellectual Property.

8.1 Red Cross reserves all rights not expressly granted herein, in its registered and common law trademarks, service marks, names, emblems, logos and designs including without limitation, the Authorized Mark (the "Red Cross Marks"), and in the Course Materials in whole or in part (collectively the "Red Cross IP").

8.2 LTP acknowledges and agrees that the Red Cross IP is and shall remain the property of Red Cross, and that the license granted under this Agreement does not constitute a transfer to LTP of any ownership rights in the Red Cross IP. Further, the Parties agree and acknowledge that LTP's use of the Red Cross IP shall inure solely to the benefit of Red Cross.

8.3 LTP shall not commit, or cause any third party to commit, any act challenging, contesting or in any way impairing or attempting to impair Red Cross's right, title and interest in and to the Red Cross IP, including seeking registration of the Red Cross IP in whole or in part, or of any confusingly similar trademark or service mark anywhere in the world or incorporating LTP's business under the Red Cross Marks or any aspect of the Red Cross Marks or any name confusingly similar to the Red Cross Marks.

8.4 Upon the expiration or termination of this Agreement, all rights in the Red Cross IP herein granted to LTP immediately expire, and LTP will immediately cease all use of the Red Cross IP.

9. Miscellaneous.

9.1 Severability. In the event any provision of this Agreement is held invalid, illegal or unenforceable (any such provision, an "Invalid Provision") in any jurisdiction, the Red Cross and the LTP shall promptly negotiate in good faith a lawful, valid and enforceable provision that is as similar in terms to such Invalid

Provision as may be possible while giving effect to the future benefits and burdens accruing to the Parties hereunder. But, in no way will the Invalid Provision affect the validity or enforceability of any other portion or provision of this Agreement, regardless of the ability of the Parties to negotiate a new provision.

9.2 Independent Contractors. Each Party is an independent contractor with respect to the other, and nothing herein shall create any partnership, franchise, or joint venture between the Parties or an employer-employee or agency relationship. No agent, employee or servant of any Party shall be, or shall be deemed to be, the employee, agent or servant of the other Party, and each Party shall be solely and entirely responsible for its acts and the acts of its agents, employees and servants.

9.3 Assignment. LTP may not assign its rights under this Agreement, or delegate its obligations, in whole or in part, without the prior written consent of Red Cross. Any attempted assignment or delegation in violation of the foregoing will be null and void.

9.4 Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of Texas, without regard to its conflict of law provisions. Any dispute arising hereunder shall be resolved in Hunt County, Texas.

9.5 Inapplicability of Procurement Terms. This Agreement is not a contract for the purchase, sale, or use of personal property or for the rendering of personal or professional services by Red Cross. It is only a limited license in Red Cross IP. It is, therefore, not subject to policies, regulations, terms, conditions, or other requirements of LTP or any third party (including, but not limited to, the Federal Acquisition Regulation and any agency supplement thereto, and the U.S. Office of Management and Budget's Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards) that relate only to suppliers and vendors of goods or services. Under this Agreement, Red Cross will not carry out part of any Federal award received by LTP. Neither Red Cross, the host of its LMS, nor any other vendor to Red Cross in connection with this Agreement, will act as, nor may any of them be deemed, (i) a subcontractor to Red Cross or a first-tier or lower-tier subcontractor or sub-grantee to LTP under any prime contract or grant, or (ii) a first-tier or lower-tier processor of personal or other data for LTP or any third party.

9.6 Data Processing. Red Cross operates the LMS as a nationwide system of course certification. It does not operate the LMS as a service to, or as an agent or for the benefit of, LTP. Insofar as Red Cross collects, processes, transmits, stores, or otherwise manages data, including personal data, contained in Course Records, it will not be doing so for, or on behalf of, or as a service to, LTP. Red Cross retains all rights in and to the LMS and any Course Records uploaded by LTP into the LMS. While Red Cross may retain Course Record data for certification purposes, (a) the LTP retains a copy/export right for its own records, (b) Red Cross will not use LTP employee data for commercial purposes unrelated to certification, and (c) Red Cross will provide the LTP with adequate notice of any data breach affecting LTP employee records.

9.7 Entire Agreement. This Agreement constitutes the entire agreement between the Parties and supersedes all prior agreements, understandings and representations, both written and oral, between the Parties with respect to the subject matter of this Agreement, and each Party disclaims any reliance on any representation or promise with respect to the subject matter of this Agreement that is not set forth in this Agreement.

9.8 Amendments and Waivers. Amendments, addenda and waivers to this Agreement will be effective only if made, in each case, by a non-preprinted document clearly understood by both Parties to be an amendment, addendum or waiver, as the case may be, and signed by both Parties. Any additional or different terms or conditions contained in any purchase order, confirmation, receipt, invoice, click-through agreement, or similar documents will not be binding on either Party, whether or not such terms and conditions would materially alter this Agreement (and even if the receiving Party has signed or

otherwise acknowledged such purchase order, confirmation, receipt, invoice, click-through agreement or similar document), and each Party hereby rejects all such additional or different terms and conditions.

9.9 Mutual Representations. Each Party is relying upon the truth and accuracy of the following warranties, as made by the other Party, as a material inducement to entering into this Agreement:

A. LTP warrants that any information it has tendered to Red Cross concerning its legal status, identities of its directors, officers, shareholders, or other principals and affiliates, financial condition, current and historical operations, insurance coverages, and all other information requested by Red Cross in connection with any inquiry into LTP's capabilities and qualifications as a prospective licensed training provider of Red Cross, was, on the date it was provided to Red Cross and on the Effective Date, true and accurate in all respects and free of any misleading omissions. LTP acknowledges that the foregoing warranty is a material inducement for the Red Cross to enter into this Agreement.

B. Each Party represents to the other that it is duly organized or incorporated and validly existing under the laws of the state where it is organized or incorporated (or, if it is organized under federal law, that it is duly organized and validly existing under the laws of the United States), that it has the power and authority to enter into this Agreement and carry out its provisions, that it has taken all actions required for it to enter into the Agreement prior to the Effective Date, that its representative who has signed this Agreement below is duly authorized to execute and deliver this Agreement, and that this Agreement is legally binding upon and enforceable against it.

The Parties, acting through their duly authorized officers, have executed this Agreement, which shall come into force as of the Effective Date. Execution of this Agreement confirms LTP's receipt of the Training Provider Resource Guide, which may be updated from time to time.

Licensed Training Provider Agreement
Appendix C – Insurance Requirements for Aquatics LTPs

1. Coverage Requirement.

LTPs who have Aquatics Courses included in Appendix B are required to maintain or participate in a program of liability coverage adequate to cover its performance under this Agreement in connection with the delivery of Aquatics Courses, including coverage for bodily injury and property damage claims arising from LTP's operations, in a combined single limit amount not less than $1,000,000 per occurrence.

2. City of Greenville: TML Risk Management Pool Participant.

The City of Greenville, Texas ("LTP") is a member of, and maintains its liability coverage exclusively through, the Texas Municipal League Intergovernmental Risk Pool ("TML Pool"), an intergovernmental risk-sharing pool established and operated pursuant to Tex. Gov't Code § 791.001 et. seq. (Interlocal Cooperation Act), Tex. Gov't Code § 2259 et. seq., and the TML Intergovernmental Risk Pool Agreement. The TML Pool is not a commercial insurer; it is a statutory risk-sharing program. Coverage terms, scope, and beneficiary designations are governed exclusively by the TML Pool Agreement and applicable Texas law, and may not be altered by individual member agreement or contract.

3. Proof of Coverage; Substitution of TML Participation Certificate.

In lieu of a Certificate of Insurance naming the American Red Cross as an additional insured, the LTP shall provide to Red Cross a Certificate of Participation or equivalent documentation issued by the TML Pool ("TML Certificate"), which shall:

- Confirm the LTP's active membership and participation in the TML Pool for the coverage period applicable to this Agreement;
- Confirm that the TML Pool's coverage extends to the LTP's operations, including the delivery of Aquatics Courses pursuant to this Agreement; and
- Confirm that the coverage limit applicable to the LTP's operations meets or exceeds $1,000,000 per occurrence.

The TML Certificate shall be provided to the Red Cross contact referenced in Appendix A prior to the commencement of Aquatics Course activities under this Agreement, and upon renewal or material change in the LTP's Pool participation.

4. Scope of Coverage; No Additional Insured Designation.

Because the TML Pool's governing documents do not authorize individual member entities to designate private third parties as additional insureds, the LTP is unable to provide Red Cross with additional insured status. The LTP's TML Pool coverage applies to claims arising from the LTP's own operations, acts, and omissions in connec-

tion with the delivery of Aquatics Courses under this Agreement. It does not extend to, and the LTP does not assume coverage for, claims arising from the independent acts or omissions of the American Red Cross or its employees, agents, instructors, or volunteers.

Nothing in this Agreement shall be construed to require the LTP to extend its governmental coverage, self-insurance, or TML Pool participation to cover the liabilities of the American Red Cross, and any such requirement is hereby expressly disclaimed as contrary to Tex. Const. art. III, § 52 and to the governing terms of the TML Pool Agreement.

5. Notification of Material Change.

The LTP agrees to notify Red Cross as soon as reasonably practicable if the LTP's participation in the TML Pool is terminated or materially reduced in a manner that would affect coverage for Aquatics Courses delivered under this Agreement.

6. Sovereign Immunity Preserved.

Nothing in this Appendix C or in this Agreement shall be construed as a waiver of the LTP's governmental or sovereign immunity beyond the limited waivers provided by Texas law, including the Texas Tort Claims Act, Tex. Civ. Prac. & Rem. Code § 101.001 et seq. The LTP's provision of a TML Certificate or any other proof of coverage documentation shall not constitute, or be deemed to constitute, a waiver of immunity.

7. Certificate Completion Instructions.

The TML Certificate (or equivalent TML Pool documentation) provided by the LTP shall be addressed and transmitted as follows:

Certificate Holder:	The American National Red Cross 431 18th Street, NW Washington, D.C. 20006
Description of Operations:	RE: Licensed Training Provider Agreement — Aquatics Courses. The City of Greenville, Texas participates in the Texas Municipal League Intergovernmental Risk Management Pool (TML Pool) pursuant to Tex. Gov't Code §791.001 et. seq. and Tex. Gov't Code § 2259 et. seq.. Coverage through the TML Pool extends to the City's own operations in connection with the delivery of Aquatics Courses under the above-referenced Agreement. Coverage does not extend to the independent acts or omissions of the American National Red Cross. The City is unable to designate additional insureds under the TML Pool Agreement. Governmental and sovereign immunity is not waived.
Delivery:	All documentation shall be emailed to the Red Cross contact referenced in Appendix A. Do not send a hard copy.

RESOLUTION NO. 26-64

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF GREENVILLE, TEXAS, AUTHORIZING A LICENSED TRAINING PROVIDER AGREEMENT BETWEEN THE CITY OF GREENVILLE AND THE AMERICAN NATIONAL RED CROSS TO DELIVER APPROVED TRAINING COURSES; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City of Greenville, Texas, provides parks, recreation, and aquatics programs that require properly trained and certified staff to ensure the safety and well-being of participants; and

WHEREAS, the American National Red Cross is a nationally recognized organization that provides standardized training curriculum, instructional materials, and certification systems for a wide range of health, safety, and aquatics-related programs; and

WHEREAS, the City desires to enter into a Licensed Training Provider Agreement with the American National Red Cross to deliver approved Red Cross training courses using Red Cross curriculum, materials, and certification systems; and

WHEREAS, the agreement term shall be for thirty-six (36) months from the effective date unless terminated earlier in accordance with its terms, and either party may terminate the agreement with at least thirty (30) days' written notice; and

WHEREAS, the City Council has determined that the authorization of a Licensed Training Provider Agreement with the American National Red Cross to deliver approved Red Cross training courses using Red Cross curriculum, materials, and certification systems is consistent with the best interests of the citizens of Greenville.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF GREENVILLE, TEXAS, THAT:

SECTION 1. The City Council hereby authorizes the City Manager to execute on behalf of the City of Greenville, Texas, a Licensed Training Provider Agreement with the American National Red Cross.

SECTION 2. Under the agreement, the City will pay applicable Red Cross fees based on course type, enrollment, and certification activity. The agreement includes per-student or per-course pricing for authorized programs, as well as Learn-to-Swim facility fees based on enrollment volume. The agreement also states that Red Cross may review and increase pricing annually upon notice.

Any costs associated with training, certifications, and course administration will be paid from the Recreation Fund operating budget, subject to available appropriations and program activity levels.

SECTION 3. If any section, provision, subsection, paragraph, sentence, clause, phrase, or word in this Resolution or application thereof to any person or circumstance is held invalid by any court of competent jurisdiction, such holding shall not affect the validity of the remaining portions of this Resolution, and the City Council of the City of Greenville, Texas hereby declares it would have enacted such remaining portions, despite such invalidity.

SECTION 4. This Resolution shall be in full force and effect immediately.

PASSED AND APPROVED this the 28th day of April 2026.

Subject: Consideration and action on a resolution approving the annual Microsoft 365 licensing renewal through LiftOff LLC. ***(Ben Petty, Administrative Services/Finance Director)***

---

1. Background/History:
The City of Greenville utilizes Microsoft 365 (Office 365) as its primary productivity and communication platform for all departments. This includes essential applications such as Outlook, Word, Excel, and PowerPoint, as well as Teams and cloud-based services for email, file storage, and collaboration.
The City has maintained this licensing through Liftoff LLC, a Microsoft licensing partner specializing in government environments, to ensure compliance, optimize costs, and provide administrative support.
This item represents the annual renewal of Microsoft 365 licenses to maintain uninterrupted access to these critical systems

2. Findings/Current Activity
Microsoft 365 is a mission-critical system used citywide for:
- Email communication (Exchange Online)
- Document creation and collaboration
- Secure cloud storage (OneDrive/SharePoint)
- Archiving and records retention (required for public records compliance)
- Cybersecurity protections and identity management

The current licensing structure supports approximately 399 users across the organization and
includes a mix of:
- Exchange Online
- Microsoft 365 Apps for Enterprise
- GCC licensing tiers for government compliance
- Email archiving and security features

Liftoff provides additional support services, including:
- Licensing optimization
- Administrative best practices
- Security guidance and training resources

Renewal ensures continuity of operations, security compliance, and access to Microsoft updates and
cloud services.

3. Financial Impact/Account No.
The total cost for the annual Microsoft 365 licensing renewal is: $102,802.92
Funds are available in Account No. 604-2-465100-53209-0000.

4. FY 25-26 Council Goal
1. Build Infrastructure for Greater Sustainability.
2. Planned Approach for Improving Current Water Infrastructure.
3. Strive for Municipal Excellence and Enhance Opportunities for Communication.
4. Preserve the Character of Greenville while Preparing for Flexible and Sustainable Growth.
5. Support Public Service, Health, and Safety.
6. Optimize Opportunities at the Airport.
7. Preserve the architecture and green space of current city-owned spaces/facilities while striving for and promoting beautification within the city.
8. Completion and implementation of the Downtown Plan.

5. Action Options/Recommendation
City staff recommends approval of the resolution authorizing the annual Microsoft 365 licensing renewal with LiftOff LLC to ensure continued access to essential software and communication services for City operations.

- Raw water line is done and pressure checked. MH Civil is cutting the levee and they are about halfway through the levee. Depending on weather, levee work should be done by the end of the month. (Once levee work is done then MH Civil will go back and address the punch list items with the landowners)
- Tawakoni VFD's are installed and switchgear has arrived. FEC let us know the transformers the City bought will now be here in June.
- 20" East loop project is around 85% complete and everything is going well.
- AMI Meter project is going great there are less then 5,000 meters left to change this includes all the 2" meters.
- Ridgecrest line is waiting pricing and just a few more easements for that project.
- Hwy 66 Caddo 24" waterline is evaluated for the alignment before we move forward.
- South WTP is waiting on FEMA approval. After FEMA approval it goes to Army Core of Engineers, then to TWDB, then to bid once all is approved.
- Clearing will start next week for the sewer trunk mains and treated water mains.
- Industrial Park project has broken ground and dirt work has started for ground storage.
- Engineer is looking at work to be performed on Oneal St. bridge to see if anything else needs to be added to the repair estimate.
